READ—the following paper:—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 7th July 1892, No. 300 V.Z.

With reference to para. 3, item (3), of G.O., No. 256 W., dated the 29th January 1892, regarding the disposal of the District Munsif's court-house at Rayavaram in the Vizagapatam division, I have the honour to inform you that the Executive Engineer, Vizagapatam division, has reported that the local heads of the departments enumerated in the margin have been addressed on the subject and that they stated that the building is not required for Government purposes in their departments, but that the President, District Board, Vizagapatam, informed the Executive Engineer that the Narsapatam Taluk Board is prepared to take over the building as it stands if it can be permanently transferred to it to be used as a school-house. I have written to the President, District Board, Vizagapatam, stating that the Government will be asked to transfer the building to the Local Fund Department on the usual condition that it should be kept in repair by the Local Fund Board and it should be handed over back if it is required for Provincial purposes at any future date. Now the President sends the enclosed letter * addressed to the Chief Secretary to Government. My opinion is that the building in question may be transferred permanently to the Local Fund Department as it is highly improbable that the building will again be required by Government for any purpose and I therefore recommend its transfer accordingly. I know of no use which this building can be put to.

ENCLOSURE.

From W. A. WILLOCK, Esq., President, District Board, Vizagapatam, to the Chief Secretary to Government (through the Superintending Engineer, I Circle), dated 2nd July 1892, No. 805.

I have the honour to report that there is a ruined Government building at Rayavaram, known as the late District Munsif's court-house. The court was transferred to Yellamanchili in 1876 and since then no repairs seem to have ever been made to the building. As directed by Government in its order No. 256 W., dated 29th January 1892, the Executive Engineer has inquired whether it is required for any public purpose. I informed him that the Narsapatam Taluk Board is prepared to take it over and execute necessary repairs with a view to utilizing it as a school-house if it is permanently transferred to it. He replies that it will be transferred on the usual condition of its being restored to Government if it is required for its use at any future date. The building is in a ruined and uninhabitable condition and has no roof at present and

there does not seem to be the faintest probability of its being needed for any Government purpose again considering that to get it fit for use will involve considerable expenditure. I think that the Taluk Board's request is therefore quite reasonable and request that Government may be pleased to pass orders for its transfer to the Taluk Board permanently.

Order—dated 27th July 1892, No. 2086 W., Public Works.

The building will be transferred permanently to the Narsapatam Taluk Board free of cost on the conditions stated.
