9TH AUGUST 1892, No. 2199 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Colonel C. A. PORTEOUS, Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 7th July 1892, No. 4351.

With reference to G.Os., Nos. 599 and 691, dated 30th March and 11th April 1891, J.D., sanctioning the establishment of a Police hospital at Málápuram, Malabar district, I have the honour to forward, for sanction, the Public Works Department plans, estimates, &c., amounting to Rs. 8,110, received from the Superintending Engineer, IV Circle, and countersigned by the District Medical officer.

2. The original estimate, amounting to Rs. 9,160, which contained no provision for a well, was returned to the Superintending Engineer for revision on the lines suggested by the District Medical officer (and approved of by the Surgeon-General with the Government of Madras), who, while reducing the area of the main building and out-houses in view to minimize the cost of the buildings, recommended the sinking of a well as absolutely necessary. The present estimate provides for it.

3. As instructed in G.O., No. 691, dated 11th April 1891, J.D., a site belonging to Government, east of the present temporary hospital, has been selected in consultation with the District Medical officer.

No. 1245, Judicial.

Approved and transferred to the Public Works Department.

(By Order.)

(Signed) A. BUTTERWORTH,
Acting Under-Secretary.

22nd July 1892.

ORDER—dated 9th August 1892, No. 2199 W., Public Works.

The estimate, amounting to Rs. 8,110, for constructing a Police hospital at Málápuram in the Malabar district, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 38 W. of 1892-93 and classified as Civil Buildings, Original Works.

Superintending Engineer, IV Circle.

To,

The Inspector General of Police,

Sir,

Adverting to your letter No. 1296 of 8th
March last, I have the honor to forward
fresh plans and estimates amounting to
Rupees 8110 for Constructing a Police Hospital
at Malapuram, duly revised as suggested
by the District Surgeon in place of the
original estimate of Rupees 9160-.-.

2. If not for the provision of a well with
reference to the above suggestions, at an
estimated cost of Rupees 1040-.- the
revision would have resulted in a
saving of Rupees 2090-.-; as it is the net
saving over the original estimate amounts
to Rupees 1050-.-.

I have &c.

Sir,

In returning the accompaniments of
your letter N^o. 128 dated the 11th January 1892,
I have the honor to enclose for your inform-
ation copy of a letter from the Acting Dis-
trict Surgeon Kalabar and to state that
I approve of the alterations proposed by
him. These alterations if carried out will
considerably reduce the present estimate.

Sir,

With reference to your Office Memo
of 332 dated 22nd Ultimo (herewith return-
ed), I have the honor to report that the
largest number of in-patients treated on
any day during the last year being 6, an
hospital to accommodate 12 patients will
be sufficient to meet the requirements of
the Police Sick and that the two wards
may consequently be reduced to 24' x 18'
each and that a door and a window
on each side may be omitted, the breadth
of the main building and the size of
bath rooms, office and Surgery cannot be
reduced but the Surgery and office rooms
may be extended to the end of the
verandah, their doors being placed to face
the verandah; the separate office room
is required to be used as a store room
for

for Medical and Surgical Appliances, as
bedding. Clothing & the white Cedar
wood ceiling may be omitted. The area
of the out-houses may be reduced as
follows:-

Kitchen—12' x 12'

Catruge—14' x 10'

Dead House—14' x 10'

2. I would recommend the addition of
a well near kitchen, the well is absolutely
necessary as the water has at present
to be brought from distant place and as
there is no waterman sanctioned for the
purpose.

The Plan and Estimate have been countersigned by the Inspector General of Police & the Dist. Medical & Sanitary Officer and approved in the Judicial Dept. Department.

REMARKS.

The plan & estimate have been framed at the request of the Supt. of Police, Malabar, & with reference to G.O. No. 599 & 691 dated 30th March & 11th April 1891. The estimate provides for constructing a Police Hospital with subsidiary buildings as is to accommodate 12 patients in two wards with the necessary office, surgery & bath rooms in the main building & for a latrine, kitchen & dead house together with a well. The dimensions of the wards are 24' x 18' each, giving a floor area of 72 sq ft per ward. The site selected is on Govt. land adjacent to the existing temporary Police

Police Hospital buildings. The original estimate for the work amounted to Rs. 9,160 without any provision for the sinking of a well. It was since revised owing to certain suggestions of the District Surgeon with a saving of Rs. 2,090 or a net saving of Rs. 1,050 (with provision for a well) over the original estimate. The cause of this saving appears to be reduction in area of wards etc.

It seems hardly necessary to state here when 20' apart where it is in hand. Laterite -
