Read—also the following letter from D. DUNCAN, Esq., M.A., D.Sc., Acting Director
of Public Instruction, Madras, to the Secretary to the Commissioner of Salt,
Abkari and Separate Revenue, dated 30th May 1892, No. 7405:—

With reference to the Proceedings of the Board of Revenue, Mis. No. 137, dated
15th January last, I have the honour to report that the Government building
occupied by the late Training school at Erode is not required by this department at
present.

Resolution—dated 14th July 1892, Mis. No. 2737.

Owing to no public buildings being available at Erode, the office of the Assistant
Commissioner of the newly-constituted Erode sub-division has been located in a
native house in the town at a monthly rent of Rs. 10. The Deputy Commissioner,
Southern division, on his inspection of the office in December last, observed that

there was no place to keep tents and that, although the accommodation for the office was sufficient for the present, it might not be so when records accumulated. He at the same time brought to the notice of the Board that the Government building at Erode, in which the Local Fund Normal school had been located, was likely to become vacant from 1st January 1892 owing to the abolition of that school and that the District Board was not likely to require the building. The Director of Public Instruction was then requested to state whether it would be required by the Educational Department any longer. From the paper last read above it would appear that the building is not required by that department at present. The Board, therefore, requests that Government will be pleased to order the formal transfer of the building to the Salt and Abkari Department for the use of the Erode Assistant Commissioner's and Inspector's offices. If this is approved, the house-rent of Rs. 5 allowed to the Inspector, Erode Circle, under G.O., dated 3rd July 1891, Mis. No. 3829, Revenue, will no longer be required.
