To, The Superintending Engineer 2207

Sir,

With reference to your endorsement
N: 367 S. A. dated 10 July 1892 requesting to explain
the circumstances under which the expenditure of
Rs 819 was incurred without appropriation for
protecting the village of Thiruvavade thore
from encroachment of the Vellar River I have
the honor to invite your attention to the Engineer's
endorsement N: 467 S. A. dated 28 June 1892 in which
it is stated that objection to item N: 1 has since
been removed.

2. I take this opportunity to explain that
this was an incomplete work of 1890-91 and
was carried out to completion during 1891-92.
In his N: 1 dated 21st January 1892 the President
District Board South Arcot stated that appli-
cation was made to Government for the
allotment required for the work and the Govern-
ment was requested also to authorize the
Accountant General to place the amount
at my disposal. As this was not done, the
attention of the President was drawn by me
in my letters noted below.
