Letter from the Solicitor to the Government of India, No. 498, dated the 28th May 1892, and enclosures.

Resolution.—In the letter of 29th April 1892, the Chief Commissioner of Burma represented that the form of mortgage bond appended to the notification of 30th June 1870 might with advantage be amended so as to convey to Government not only the dwelling-house erected or about to be erected by the person to whom the advance is made, but also his interest in the land upon which the house is built. He enclosed the Government Advocate's opinion on the point with a form of mortgage bond drawn by that officer, and recommended that the existing form of bond and rule IV of the rules might be amended on the lines of the draft.

2. In the letter of 10th May 1892, the Chief Commissioner recommended that, in cases in which the pay of officers receiving house-building advances is small, the repayment of the advance should not commence until after the fourth issue of pay from the date on which the advance is taken, and requested that he might be empowered to authorise the issue of house-building advances by instalments in cases where this might be considered prudent.

3. The Governor-General in Council has accepted the changes recommended in the form of mortgage bond.

4. With regard to the proposals contained in the Chief Commissioner's second letter, it has been decided that house-building advances may be made in instalments when considered desirable, and that, when so made, repayment shall commence from the fourth issue of pay after the first instalment is paid, but that when the advance is taken in one instalment repayment shall commence with the second issue of pay, the whole advance in both cases being repaid in two years as required by rule II of the rules issued with the notification of 30th June 1870.

5. The Governor-General in Council considers it expedient to re-issue the rules on the subject of house-building advances and directs that, in supersession of all existing rules, the subjoined rules shall in future regulate the grant of house-building advances to officers in the Civil Department:—

I.—Advances may be made, under the sanction of Local Governments and Administrations, to officers who desire to build houses, for occupation by themselves, at places where no houses are available or where house-rent is exceptionally high.

II.—All such advances must be *bona fide* required for the purpose of building suitable houses for the personal residence of the officers concerned; and if more is advanced than shall be actually expended for the purpose, the surplus shall be refunded to Government.

III.—The advances may be made in instalments when considered desirable, and when so made repayment shall commence from the fourth issue of pay after the first instalment is taken; but when the advance is taken in one instalment repayment shall commence with the second issue of pay. The repayment of the whole advance shall in both cases be completed in two years.

IV.—No advance shall exceed six months' salary of the officer concerned.

V.—Recovery will be made by the Treasury officer or other disbursing officer, deducting monthly instalments equal to one-twenty-fourth part of the advance from the salary bills of the officer concerned.

VI.—In order to secure Government from loss consequent on an officer dying or quitting the service before complete repayment of the advance, the house so built, together with the land it stands upon, must be mortgaged to Government by whom the mortgage will be released on liquidation of the full amount of the advance.

VII.—The officer must satisfy Government regarding his title to the land upon which the house is or is proposed to be built.

VIII.—An officer quitting or removed from the station where he has built a house, before the whole amount of the advance has been liquidated, will continue liable to the deduction of his monthly instalment until the advance has been repaid; but, with the special sanction of the Local Government, he may be allowed to dispose of the house, provided he is thereby enabled to clear off at once the whole amount due, or to transfer it to any officer of his own or higher rank, the future deductions being made from the salary of such officer.

IX.—An officer will not, under any circumstances, be allowed a second advance until any amount remains due on a previous advance.

X.—Applications for advances must be made through the applicant's departmental superior, who will record his opinion as to the necessity for the assistance solicited. The applicant must certify that the sum is to be expended in building only and pledge himself that should there be any surplus funds after the house is completed, they will be at once refunded to Government.

XI.—The last pay certificate granted to officers under advances must specify the original amount of such advance, the amount repaid, and the balance remaining due.

* See annexure A.

A form of mortgage bond* will be issued to officers who may wish to avail themselves of the advance.

Order—Ordered that this Resolution be communicated to all Local Governments and Administrations, and to the Chief Commissioner of Burma for information with reference to his letter No. 485-3B-22, dated the 29th April 1892; to the Comptroller and Auditor General; and to all Accountants-General and Controllers for information.
