for as to what charge

the scrutiny of estimates
relating to water works.
Replies from Supt. Engrs.
were only received, but
no action was taken
on them (vide L. 915C
d/29.4.94) because
it had meanwhile been
decided in G.O. No. 1067
d/28.4.94, that Supt.
works should be taken
over by the Dept.
under para 955C

Under paras 120-121

the gratuitous advice &
nd assistance of

these can be given without

vice, the Local Govt.

dition is fulfilled.

The Suptg. Engineer
as already directed
that the required
assistance is to be

given, so presumed^{at} by
the interests of the
public service will not
suffer in the present
case.

From para 2 of the
Supty. Engineer's memo-
-randum, it appears
that Govt. interests
are also involved. The
advice and assistance
applied for may thus
perhaps be given
gratuitously.
