In reply to your endorsement
No. 1314 dated 30th July 1892, on memo
No. 54 D of the 26th idem from the Chief
Engineer Public Works Department
Madras, I have the honor to state
that Sub Conductor J. H. Delyett ac-
tually did the work of a Sub Divisional
Officer from October 190 to August 191,
during which period he was in charge
of the Head Quarter Sub Division and
he is therefore entitled to the Sub
divisional allowance for that period
as recommended in my letter No. 168
dated 15 June 1892.

Copy of letter No 168 dated
15 June 1892 from J. C. Johnston
Engine Executive Engineer Kernool
Division to the Supt Engineer 3rd Circle
Bellary. ——— 22/8/92

I have the honor to bring to
your notice that the Head quarter
sub division of this division was
created in G. O. No 2532
24-9-90 and the
first sub divisional officer appointed
was Sub Conductor Lyett super-
-vision 2nd grade who joined it in
October 1890.

2. In my letter No 279
22/10/90 I asked
Colonel Sneyd whether the sub-
-ordinate was entitled to sub-
divisional allowance of Rs 30. In
his reply No 2184 dated 30th October/90
he drew my attention to para 2 of
his letter printed with G. O. quoted
above wherein it is stated that the
sub division in question will be
in immediate charge of the Executive
Engineer with one or two attached
officers and gave a negative answer.

3. Sub Conductor Delyett held charge of the sub division from October 1890 to August 1891 when he was relieved by his Assistant Engineer Mohamed Cossim Saib Khan Saib.

4. He now applies for arrears of sub divisional allowance on the grounds that the Head quarter sub divisional officer Bellary division has drawn the same.

5. My own opinion is in his favor. For the large area of this division frequently draws me away from Head quarters for several weeks and the sub divisional officer of the Head quarter sub division consequently has work similar to that of the other sub divisional officers and the area of the sub division consisting of 3 taluqs Mundikothoor, Ramalakota and Pattikonda justifies the presumption that he was put to additional expense to compensate which sub

divisional allowance is granted.

Under these circumstances I have the honor to request that, if you see your way to do so, you will be good enough to sanction the arrears of sub divisional allowance due to him from October 1890 to August 1891.

Submitted to the Chief Engineer P.W.S. with a recommendation that the sub divisional allowance claimed by Sub Conductor Delyett may be passed.

2. The undersigned considers it is very undesirable to place an Executive Engineer, in charge of a division, in direct charge of a sub division, for it prevents him from giving sufficient attention to the other parts of his division.
