17TH AUGUST 1892, No. 2274 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

Note by the Chief Engineer, Public Works Department.

With the schedules of quantities and descriptive specifications of type designs for public buildings, abstracts of the quantities are also printed and rates assigned to each descriptions of work.

2. Exception has been taken to particular works on account of the rates entered therein not agreeing with the printed rates entered in the abstract of the estimate for type designs and unnecessary correspondence and delay has ensued thereby. The Chief Engineer desires, therefore, to point out that the printed rates are intended merely to give an approximate idea of the cost of the various buildings at rates prevailing in the Presidency town. They are in no way indicative of the rates at which similar descriptions of work can be executed in up-country stations and which must vary with local circumstances.

OOTACAMUND,
10th August 1892.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 17th August 1892, No. 2274 W., Public Works.

The Chief Engineer's note will be forwarded for information to Heads of Departments.

The schedule rates for
timberland for Mangrove Sub
Division of South Canara Dist.
are as follows:

- brought & fired in large beams Rs 4.8... Cp
- do - small beams & joints... 4.... do
- do - framed & fired in trunks... 4.... do
- do - do in barracks & office
furniture... 5.... do

In the present case Rs 4.... per
Cp will be the scheduled rate as
the timbering is not in large beams
