Office of the Consulting Architect to Govt.,
 Chepauk, Madras,
 15th December 1891.

No. 3453

From

Henry Swin, Esq., C.I.E.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer

Public Works Department

In

Enclosures.

In reply to your Memo: No. 55426 dated the 9th December 1891, I have the honor to state that the main reason for my application to continue the employment of the temporary establishment for a further period of one year is for preparing working detailed drawings for the large works now in progress and on which more than three lacs have been spent by the end of the current financial year. The buildings are of such a description that details on large scales, many even full size, have to be made for the artisans to work from without which they will not be satisfactorily executed. I have had to divert the labours of these temporary men frequently from the work they were originally required to execute in

drawing them details and sales in the preparation
of the several standard design which were
urgently required.

2. I enclose a paper showing
as far as I am able to see at present the work
in which each temporary man will be
employed. At the same time I may add that
if I find no necessity for the employment
of any or all of them I shall discontinue with
their services.

I have the honor to be
Sir

Your most obedient servant

Henry Ince
General Agent
to Government.
