Native regimental schools.—Approval accorded to the provision, when necessary and when funds are available, of increased accommodation in future for — in the Madras Command.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

Schools—Native Army.

Read the following papers :—

No. . *From Colonel A. G. HUTCHINS*, for *Quarter Master General, Madras Army, to Brigdr.-Genl. H. R. HOPE, Secretary to Government, Military Department ; dated Ootacamund, 21st November* 1891, *No.* 2555-*MW* (*Schools—Native Army*).

The Superintendent of Army Schools having represented that the existing accommodation in Native regimental schools in this command is inadequate to requirements owing to the number of scholars who daily attend having very considerably increased of late years, he recommends that provision be made for 200 pupils, instead of, as at present, for only half that number sanctioned under Proceedings of Government, No. 50, dated 6th January 1875.

2. It having been ascertained from careful enquiry that such accommodation is absolutely necessary in many battalions, I am desired to solicit the sanction of Government for school accommodation being in future provided for a maximum of 200 pupils per battalion and 100 per wing when a regiment is divided.

No. 6695.

Referred to the Controller of Military Accounts for favour of report as to the financial effect of carrying out His Excellency the Commander-in-Chief's proposal.

(By Order.)

No. . *From Lieut.-Col. C. F. THOMAS, Controller of Military Accounts, to Brigdr.-Genl. H. R. HOPE, Secretary to Government, Military Department ; dated* 21*st July* 1892, *No.* 660-*G.*

Returned as requested.

2. Attached is a letter, No. 1369-MW of the 9th instant, from the Quarter Master General, in reply to a reference * from this office, from which it will be observed that His Excellency the Commander-in-Chief considers that the extra expense involved in the proposal should be met from the Military Works budget.

* No. 6820, dated 1st December 1891, copy attached.

From Lieutenant-Colonel C. F. THOMAS, Controller of Military Accounts, to the Quarter Master General, Madras Army ; dated Madras, 1st December 1891, No. 6820.

Adverting to your letter No. 2555-MW, dated 21st ultimo, referred to this office under Military Department No. 6695, dated 24th idem, herewith forwarded, I have the honour to

request that the information called for by Government may be afforded, as it is presumed that the necessary funds for increased accommodation in Native regimental schools will be provided by the Military Works Department and not be met from funds in the Military budget estimate.

2. It is also observed that sanction is requested for increased accommodation being provided *in future*.

From Brigadier-General E. H. EYRE, Quarter Master General, Madras Army, to the Controller of Military Accounts, Madras; dated Ootacamund, 9th July 1892, No. 1369-MW (Schools—Native Army).

In returning the enclosure of your letter No. 6820 of 1st December last relative to the provision in future of increased accommodation in Native regimental schools, I am desired to inform you that the Chief Engineer, Madras Command, Military Works, reports that as regards Madras and Secunderabad the extra accommodation can be provided without delay, presumably in existing buildings at Bangalore at a cost of Rs. 970; at Belgaum, where no school accommodation exists, an entirely new building on the increased scale is estimated at Rs. 4,699 for materials only, free labour being provided by the regiments in garrison.

2. As it is decided to locate only one Madras Infantry battalion in future at Bellary, it is proposed that the vacant "places of arms" of the 2nd Madras Infantry battalion which are situated sufficiently near the lines of both the 3rd Madras Lancers and 14th Madras Infantry, should be utilized as school rooms, and thus avoid the expense of erecting new buildings estimated to cost Rs. 9,250 and 7,425, respectively.

Estimates of the cost of providing increased accommodation at other stations, which would entail a considerable amount of labour on the local Public Works Department, have not been called for, no complaint regarding them having been received, and existing buildings being understood to be sufficient for present requirements. It is not intended, therefore, to increase the school accommodation at these stations till such time as it is considered absolutely necessary to do so.

In this connection I am to remark that the recommendations made in this office letter No. 2555-MW of 1st November 1891 only refer to the requirements of the future, a recognition on the part of Government being required that the additional accommodation may be provided in order that the Military Works and Public Works Departments may be requested to prepare plans and estimates for the required accommodation for the increased number of pupils when new schools are to be constructed or when it is considered absolutely desirable to provide additional accommodation in existing ones.

His Excellency the Commander-in-Chief is of opinion that the necessary funds for the increased accommodation should be provided from the Military Works budget.

No. . ORDER THEREON, August 1892, No. .

The Right Honorable the Governor in Council concurs in opinion with His Excellency the Commander-in-Chief in regard to the necessity for providing increased accommodation in future for Native regimental schools in the Madras Command, and accordingly approves of such accommodation being provided when considered absolutely desirable and the necessary funds are available.
