The expenditure on Repairs by
the P.W.Department shown in the state-

verified from the year 1887-88, rent re-
turns prior to that year having been
destroyed with the accounts.

3. The amounts of rents entered
against the years 1887-88, 1888-89, 1889-
90 and 1890-91 are correct. The rent

From

H. Le Haux Esq.
Collector of
North Arcot.

To
The Superintending Engineer
IV Circle.

Sir,
Referring to para 3 of G.O.
No 1534, W. Public Works, dated 19th
May 1892, Communicated with
Board's Pro: No 374, Mis, dated 17th
June 1892, I have the honor to
append an abstract of receipts
and Expenditure from the Col-
lector's garden at Chittoor,
maintained by me, ever since
I took charge of this District
in November 1887.

Receipts			Expenditure				
Less amount of grass, tanna kind produce Sale proceeds of dried Castor oil etc	Total		Pay of Garden serv	Traspl. Jaski and Tiruna Jaski	occasional employment of coolies for cleaning garden.	Repair of Sheds etc	Amount credited to print Total
1160 4 8	1054 7 8 49						

Owing to bad seasons, the receipts for the last two years have been a trifle, but the average receipts will be at least Rs 400 per annum.

From the above, it will be observed that there has been a total income of Rs 1054.7-8 and a total expenditure of Rs 819.5-8 up to date. The usual items of receipts are the lease amount of Mango, grass &c and the usual monthly expenditure is for the pay of 2 or more gardeners according to the season and the occasional employment of gangs of coolies &c.

2. It is true that this revenue ought to have been set off in whole against the rent as stated by Government and I ought to have credited it to the same, but in fact I did not do so and paid the rent

in full. I have, however, credited the balance to the rent. Since the house was handed over, and pending the transfer of the top to the Forest Department, I have kept up the Establishment, for, had I not done so, everything would have perished in the late drought.

I have &c. ^{24/3}
