No. 2933

EXECUTIVE ENGINEER'S OFFICE,
COIMBATORE DIVISION,
COIMBATORE, 11 August 1892.

FROM

J. C. Larmine Esq

EXECUTIVE ENGINEER,

COIMBATORE DIVISION.

TO

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE, COIMBATORE.

SIR,

Enclosures.

In his letter No 12 of 17th April 1891 the Military Secretary to His Excellency the Governor made a requisition for the supply of fittings for 4 water closets for Government House Ootacamund, three to be fixed in existing rooms and the fourth to be located in a closet to be specially constructed for the purpose.

2 The requisition was accompanied by a memo drawn up by the Surgeon to His Excellency the Governor specifying the principles to be adhered to in carrying out the work.

3 Before taking action in the matter, I wrote to the Military Secretary

Secretary (this office No 2579 of 26th April 1891) pointing out that the water closets originally fitted up in Government House had been removed in 1883, on the occurrence of a case of typhoid fever in the house; however this representation passed unnoticed and in due course, an estimate amounting to Rs 3650 was sanctioned for execution of the work and the water closet fittings were recently received from England. They cost about Rs 60. much more than was anticipated. So, the estimate will be exceeded, expenditure to end of July without cost of fittings being Rs 3348.

4 The Military Secretary has just informed me that His Excellency has now decided not to run the risk of fitting up the closets and will continue the existing arrangement of dry earth closets. So, I have the honor to request instructions

Mr Sherlock Hubbard suggests they might well be fitted up in the Chepauk offices.

instructions as to the disposal of the four sets of closet fittings. They are of the newest and most approved type and if they cannot be utilized out here they might be sent back to England. $\frac{2}{3} \frac{1}{2}$

5 1306 Lineal feet of Doulton's 9 inch stoneware pipes, value some Rs 1323 were laid down to connect the closets with a receiving cistern. It is supposed that these might be taken up and utilized when occasion offers.

I have the honor to be
Sir
Your most obedient servant

Executive Engineer
Bombay Division

No 366 of 14-8-92

Submitted to the Chief Engineer for
favor of orders.

No. 2933.

ENCLOSURES

SUBJECT.

Four sets of water closets—
Requests instructions
as to the disposal of the
— as they are not re-
quired for the Govern-
ment house Cooy.

Within

Trans No 12692 of 11.3.92
Per Aug 3051-24 of 14-11-91

P. W. DEPARTMENT.

Read the following:—

From the Ex. Engineer Coimbatore D^o 2933
2933 of 11th August 1892.
Endorsement by the Supg. Engineer D^o 366
No. 366 W of 14th August 1892.

FOR ORDERS.

26/7

It does not seem
practicable to utilise
the fittings in this
Presidency. They might
be sent for sale to
Calcutta where the
water closet system
is largely in use.

There has been a very
serious waste of money on
the construction—

One 4000 Rs. apparently
has been thrown away. The
requirements of the
I suppose the Govt. can be helped,
but means orders may come
from Govt. in respect of Govt. House
requisitions
If the fittings can be sold in Calcutta
will be good.
