(Signed) J. HANNAN,
Superintending Engineer, II Circle.

10th December 1891.

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief
Engineer, Public Works Department, dated Bezvada, 14th January 1892,
No. 2467 K.S.

With reference to your memo. No. 5673 C., dated 16th December 1891, I have
the honour to inform you that the limit of Rs. 45 allowed in G.O., No. 2460 W.,
dated 14th September 1891, for annual expenditure on local printing in each division
had been exceeded in the Kistna Western division during the current official year
prior to the receipt of the Government Order referred to, which was received on
26th September 1891, as may be seen from the statement annexed hereunder :—

SANCTIONED BY SUPERINTENDING ENGINEER IN				Amount.	Remarks.

2. Even excluding the sanction of last year worked up during the current official year, the limit allowed by Government had already been exceeded by Rs. 39, and the present application of Rs. 25 makes the excess as Rs. 64 during the official year and Rs. 80 for the calendar year.

3. To enable a comparison being made between the rates of the local presses and the Government Press in accordance with the concluding part of G.O., No. 2883 W., dated 29th October 1891, I request that the Superintendent of Government Printing may be asked to circulate a list of rates, which he is prepared to approve of and pass for the various kinds of printing and binding required to be done.

ORDER—dated 25th January 1892, No. 236 W., Public Works.

It would appear, from the letters quoted above, that expenditure on printing charges in the Kistna Western division to the extent of Rs. 100 will have to be met under sanctions accorded by the Superintending Engineer and that a further sum of Rs. 25 will be required, for which the sanction of Government is now applied for. Deducting Rs. 45, the Superintending Engineer's limit of sanction under G.O., No. 2460 W., dated 14th September 1891, the balance of Rs. 80 is now sanctioned by Government subject to the condition that all bills are countersigned by the Superintendent, Government Press, before payment.

2. Para. 3 of the Superintending Engineer's letter No. 2467 K.S., dated 14th January 1892, will be considered in the Public Department.
