Finance Department Resolution No. 1142, dated 17th March 1892.

RESOLUTION.—Under the rules regulating the administration by Local Governments and Administrations of Provincial Revenues and Expenditure the Government of India is required to exercise a general control over the expenditure on Public Works from Provincial and Incorporated Local Funds. The funds set aside for outlay on Provincial Civil Works under the control of Public Works Officers during 1892-93, the first year of a new Provincial contract, are analysed in the following paragraphs.

A separate review of the expenditure by Public Works Officers on Civil Works, from Incorporated Local Funds, will issue in due course.

2. In the following table the grants for 1892-93 are compared with the outlay on Provincial Civil Works during the five years ending 1890-91 and the Revised Estimate for 1891-92.

If the corridor, bridge, &c., is to be treated as a part of the main work, the total outlay will exceed the limit of Rs. 15,000 laid down in Public Works Department Code, Vol. II, Chap. In considering proposals for the construction of quarters for public servants, Local Governments and Administrations should restrict the provision to the cases specified in Vol. I, Public Works Department Code, Chap. XI, para. 15.

The Government of India will be glad to have further information as to the circumstances under which residences are to be provided for the collector and civil surgeon at Darbhanga. Under Vol. I, Chap. XI, para. 16, all proposals for the construction of residences for officials, not entitled to quarters, at civil stations or cantonments already formed, or in the process of formation, should be referred to the Government of India for orders.

11. The attention of the Local Governments and Administrations concerned is invited to the following remarks on the details of the estimates for original works.

BURMA.

i.—*Second roof over public offices, Rangoon, Rs. 15,300.*

If these are the public offices nearing completion, the additional work should be provided for as a part of the main project originally estimated to cost Rs. 5,32,325.

NORTH-WESTERN PROVINCES AND OUDH.

ii.—*Registration of road traffic, Rs. 3,000.*

It is not evident why this outlay is provided for under the head "Civil Works."

PUNJAB.

iii.—Under the head Miscellaneous Public Improvements, the Government of the Punjab has provided Rs. 20,000 for widening the Mall at Lahore. This appears to be a work which should have been undertaken at the charge of the Municipality.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras and Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma and Assam.
The Accountant General, Public Works Department.

Ordered also, that a copy be forwarded to the Finance Department for information, and that it be published in the *Gazette of India*.

If the corridor, bridge, &c., is to be treated as a part of the main work, the total outlay will exceed the limit of Rs. 15,000 laid down in Public Works Department Code, Vol. II, Chap. XV., para. 190-A. Further information on this point should be submitted to the Government of India.

In considering proposals for the construction of quarters for public servants, Local Governments and Administrations should restrict the provision to the cases specified in Vol. I, Public Works Department Code, Chap. XI, para. 15.

The Government of India will be glad to have further information as to the circumstances under which residences are to be provided for the collector and civil surgeon at Darbhanga. Under Vol. I, Chap. XI, para. 16, all proposals for the construction of residences for officials, not entitled to quarters, at civil stations or cantonments already formed, or in the process of formation, should be referred to the Government of India for orders.

11. The attention of the Local Governments and Administrations concerned is invited to the following remarks on the details of the estimates for original works.

BURMA.

i.—*Second roof over public offices, Rangoon, Rs. 15,300.*

If these are the public offices nearing completion, the additional work should be provided for as a part of the main project originally estimated to cost Rs. 5,32,325.

NORTH-WESTERN PROVINCES AND OUDH.

ii.—*Registration of road traffic, Rs. 3,000.*

It is not evident why this outlay is provided for under the head "Civil Works."

PUNJAB.

iii.—Under the head Miscellaneous Public Improvements, the Government of the Punjab has provided Rs. 20,000 for widening the Mall at Lahore. This appears to be a work which should have been undertaken at the charge of the Municipality.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras and Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma and Assam.
The Accountant General, Public Works Department.

Ordered also, that a copy be forwarded to the Finance Department for information, and that it be published in the *Gazette of India*.

If the corridor, bridge, &c., is to be treated as a part of the main work, the total outlay will exceed the limit of Rs. 15,000 laid down in Public Works Department Code, Vol. II, Chap. XV., para. 190-A. Further information on this point should be submitted to the Government of India.

In considering proposals for the construction of quarters for public servants, Local Governments and Administrations should restrict the provision to the cases specified in Vol. I, Public Works Department Code, Chap. XI, para. 15.

The Government of India will be glad to have further information as to the circumstances under which residences are to be provided for the collector and civil surgeon at Darbhanga. Under Vol. I, Chap. XI, para. 16, all proposals for the construction of residences for officials, not entitled to quarters, at civil stations or cantonments already formed, or in the process of formation, should be referred to the Government of India for orders.

11. The attention of the Local Governments and Administrations concerned is invited to the following remarks on the details of the estimates for original works.

BURMA.

i.—*Second roof over public offices, Rangoon, Rs. 15,300.*

If these are the public offices nearing completion, the additional work should be provided for as a part of the main project originally estimated to cost Rs. 5,32,325.

NORTH-WESTERN PROVINCES AND OUDH.

ii.—*Registration of road traffic, Rs. 3,000.*

It is not evident why this outlay is provided for under the head "Civil Works."

PUNJAB.

iii.—Under the head Miscellaneous Public Improvements, the Government of the Punjab has provided Rs. 20,000 for widening the Mall at Lahore. This appears to be a work which should have been undertaken at the charge of the Municipality.

The Governments of Madras and Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma and Assam.
The Accountant General, Public Works Department.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

Ordered also, that a copy be forwarded to the Finance Department for information, and that it be published in the *Gazette of India*.

If the corridor, bridge, &c., is to be treated as a part of the main work, the total outlay will exceed the limit of Rs. 15,000 laid down in Public Works Department Code, Vol. II, Chap. XV., para. 190-A. Further information on this point should be submitted to the Government of India.

In considering proposals for the construction of quarters for public servants, Local Governments and Administrations should restrict the provision to the cases specified in Vol. I, Public Works Department Code, Chap. XI, para. 15.

The Government of India will be glad to have further information as to the circumstances under which residences are to be provided for the collector and civil surgeon at Darbhanga. Under Vol. I, Chap. XI, para. 16, all proposals for the construction of residences for officials, not entitled to quarters, at civil stations or cantonments already formed, or in the process of formation, should be referred to the Government of India for orders.

11. The attention of the Local Governments and Administrations concerned is invited to the following remarks on the details of the estimates for original works.

BURMA.

i.—*Second roof over public offices, Rangoon, Rs. 15,300.*

If these are the public offices nearing completion, the additional work should be provided for as a part of the main project originally estimated to cost Rs. 5,32,325.

NORTH-WESTERN PROVINCES AND OUDH.

ii.—*Registration of road traffic, Rs. 3,000.*

It is not evident why this outlay is provided for under the head "Civil Works."

PUNJAB.

iii.—Under the head Miscellaneous Public Improvements, the Government of the Punjab has provided Rs. 20,000 for widening the Mall at Lahore. This appears to be a work which should have been undertaken at the charge of the Municipality.

The Governments of Madras and Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma and Assam.
The Accountant General, Public Works Department.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

Ordered also, that a copy be forwarded to the Finance Department for information, and that it be published in the *Gazette of India*.

If the corridor, bridge, &c., is to be treated as a part of the main work, the total outlay will exceed the limit of Rs. 15,000 laid down in Public Works Department Code, Vol. II, Chap. In considering proposals for the construction of quarters for public servants, Local Governments and Administrations should restrict the provision to the cases specified in Vol. I, Public Works Department Code, Chap. XI, para. 15.

The Government of India will be glad to have further information as to the circumstances under which residences are to be provided for the collector and civil surgeon at Darbhanga. Under Vol. I, Chap. XI, para. 16, all proposals for the construction of residences for officials, not entitled to quarters, at civil stations or cantonments already formed, or in the process of formation, should be referred to the Government of India for orders.

11. The attention of the Local Governments and Administrations concerned is invited to the following remarks on the details of the estimates for original works.

BURMA.

i.—*Second roof over public offices, Rangoon, Rs. 15,300.*

If these are the public offices nearing completion, the additional work should be provided for as a part of the main project originally estimated to cost Rs. 5,32,325.

NORTH-WESTERN PROVINCES AND OUDH.

ii.—*Registration of road traffic, Rs. 3,000.*

It is not evident why this outlay is provided for under the head "Civil Works."

PUNJAB.

iii.—Under the head Miscellaneous Public Improvements, the Government of the Punjab has provided Rs. 20,000 for widening the Mall at Lahore. This appears to be a work which should have been undertaken at the charge of the Municipality.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras and Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma and Assam.
The Accountant General, Public Works Department.

Ordered also, that a copy be forwarded to the Finance Department for information, and that it be published in the *Gazette of India*.

Public Works Department, Resolution No. 209 A. G., dated 8th August 1892.

RESOLUTION.—A review of the Provincial Civil Works Budget Estimates for 1892-93 has already been issued. This review refers to *Civil Works* under the control of Public Works officers, the outlay on which is met from *Incorporated Local* funds. This outlay amounts in Madras to Rs. 42,62,000 and in Bengal to Rs. 44,75,000.

Public Works Department, Resolution No. 209 A. G., dated 8th August 1892.

RESOLUTION.—A review of the Provincial Civil Works Budget Estimates for 1892-93 has already been issued. This review refers to *Civil Works* under the control of Public Works officers, the outlay on which is met from *Incorporated Local* funds. The outlay on Public Works under district boards, which is not administered directly by the Public Works Department, is excluded, because it does not appear in the Public Works but in the Civil estimates. This outlay amounts in Madras to Rs. 42,62,900 and in Bengal to Rs. 44,75,000.

2. The following statement shows the grants of the year, contrasted with the actual outlay during the five years ending 1890-91, and with the Revised Estimate for 1891-92 :—
