Read—the following papers:—

From the Rev. W. F. ARCHIBALD, Senior Chaplain, Church of Scotland, to the Chief Secretary to Government, dated 18th July 1892, No. $\frac{45}{A.}$

Letter from President, Municipality of Bangalore, to Chaplain, No. 420, with note from Executive Engineer, Military Works.
Letter from Executive Engineer, Municipality, to President of the Municipality forwarding plans.
Plan No. 1 and No. 2 with specifications.
Plan No. 3 with specifications.
Extract from Minutes of Kirk Session, St. Andrew's church.

I have the honour to forward a letter No. 21 from the Chaplain of St. Andrew's church, Bangalore, with papers and plans as marginally noted, requesting me to ask His Excellency the Governor in Council to sanction a proposal of the Municipality of Bangalore to place a clock with three bells in the tower of St. Andrew's church at that station.

2. The expense of raising the tower of the church and placing this public clock therein is to be defrayed from funds which were subscribed in Bangalore in 1887 for the purpose of providing some lasting memorial of the jubilee of Her Majesty the Queen-Empress.

3. The Executive Engineer of the Bangalore Municipality and the Executive Engineer, Military Works, state that the building would in no way be endangered by the tower being raised 12½ feet (see plan No. 2).

It is necessary to raise the tower so that the clock can be seen from a considerable distance.

4. As the erection of this public clock in the church will be a great benefit to the public (besides being an ornament to the handsome tower) and as no expense will fall upon Government, I trust that His Excellency the Governor in Council will take this proposal into favorable consideration and grant the sanction asked for.
