GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

Read—the following papers:—

From Colonel ROSS THOMPSON, R.E., Executive Engineer, Trichinopoly division, to the Superintending Engineer, VI Circle, dated 12th July 1892, No. 215 S.E.

In forwarding, herewith, the letter No. 481, dated 8th instant, received from the Officer Commanding 1st Madras Pioneers, requesting me to inform him if the repairs of the drains of lines will be undertaken by this department from a sanitary point of view, I have the honour to request the favour of your orders on the subject.

2. The repairs of the drains will probably cost Rs. 1,500 or 2,000.

No. 553 T.C.

Under the rules contained in para. 1125 A. of the Public Works Code, repairs to Native lines are to be carried out by the Officer Commanding the regiment from funds that may be allotted to him for the purpose, providing all labour by the regiment concerned. The undersigned considers that the same course should be followed in carrying out repairs to the drains in question (which appear to require only mere repairing and levelling), obtaining, if necessary, the required advice and estimate from the Executive Engineer.

2. The Officer Commanding should, however, be asked under what authority he wishes to have the repairs to the drains undertaken by this department and also from what source.

15th July 1892.

(Signed) A. C. SMITH, Lieut.-Colonel, R.E.,
Superintending Engineer, VI Circle.

No. 554 T.C.

Copies forwarded to the Chief Engineer, Public Works Department, for information and orders if necessary.

2. The Officer Commanding asks the Executive Engineer "if the repairs to the drains will be undertaken by the Public Works Department as the Medical officer reports it is necessary from a sanitary point of view," and the Medical officer certifies that "the drains are in bad condition and require repairing and levelling."

Trichinopoly,
15th July 1892.

(Signed) A. C. SMITH, Lieut.-Colonel, R.E.,
Superintending Engineer, VI Circle.

Note by the Chief Engineer, Public Works Department.

The rules regarding the repair of Native lines will be found in paras. 1125-26 of the Public Works Code, but the wording of these rules seems to imply that they refer only to the buildings themselves and not to the external drains.

2. If repairs to the latter be accepted as a charge against public funds, it will probably be best for them to be undertaken by this department; the labour of the regiment can, if the Military authorities think fit, be employed on the usual terms.

Ootacamund,
25th July 1892.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

No. 70 D.

Transferred to the Military Department for consideration.

29th July 1892. (Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

From Brigadier-General E. H. EYRE, Quartermaster-General, Madras Army, to the Secretary to Government, Military Department, dated Ootacamund, 15th August 1892, No. 1616 M.W.

Procs. of Govt., No. 7724 of 19th Nov. 1888.
„ „ „ 7037 of 15th Oct. 1889.
„ „ „ 64 of 6th Jan. 1890.
„ „ „ 3955 of 14th June „
„ „ „ 4440 of 9th July „

In returning Reference Order No. 4847 of 4th instant, with enclosures, I am desired to state that, as the provision of drains to lines of Native troops has always been considered a sanitary work and one quite distinct from the lines themselves and being recognised as such by Government in the Proceedings of Government marginally noted, His Excellency the Commander-in-Chief considers that their maintenance and repair should be carried out like other public buildings in the lines from Military Works funds by the Public or Military Works Departments as the case may be and not met from the hutting grant which is intended solely for the construction and repair of huts and for which it is found to be hardly sufficient.

2. With regard to the drains of the 1st Madras Pioneers at Trichinopoly under reference, I am to remark that, as their repair would require skilled labour and the maintenance of levels, His Excellency concurs in the views of the Chief Engineer, Public Works Department, as expressed in his note within, that the work should be undertaken by the Public Works Department, unless the Officer Commanding 1st Pioneers has in his corps a sufficient number of men qualified to carry out such skilled work, when they might be employed under the supervision of a subordinate of that department.

No. 5301, Military.

Transferred to the Public Works Department with an expression of the concurrence of Government in the views of His Excellency the Commander-in-Chief.

Ootacamund,
25th August 1892. (Signed) H. R. HOPE, Brigdr.-Genl.,
Secretary to Government.

Order—dated 31st August 1892, No. 2425 W., Public Works.

Communicated to the Superintending Engineer, VI Circle, who will arrange for the execution of the work from the grant to the Trichinopoly division for "Repairs Military," such skilled regimental labour as may be available being utilised as proposed by His Excellency the Commander-in-Chief.

S.O. no 1125.

Insert the following as para 1235 A:—

1235 A. Repairs to regimental parade grounds will, as an almost universal rule, be carried out regimentally by defaulters, fatigue parties and regimental establishments. On the rare occasions when the repairs needed to regimental parade grounds are very extensive, the assistance of the military Works or public works depts. may be applied for, and in this case the cost of the repairs executed will be finally charged off in the accounts of the department concerned against the mily Works grant.

S.O. no 1126.

Para 1906. In the "list of accounts & vouchers to accompany the months' accounts" expunge item no (20) "statement showing deviations in the course of actual construction of works (form no M 62). see para 1912".
