The Suptg. Engineer of Circle ²³/₂₄

Sir

I have the honor to inform you that Sergeant Cherry marched up inspecting works to Sonthavalur and Thamanalur and as Kallastru station was near the latter place returned to Head quarters via Kallastru and Reniguntah.

He gives as his reason for so doing that he was not feeling very well and had inspected all the works on his way up.

Under C.S.R. article 1137 I request that you will obtain the sanction of the Chief Engineer to this march.
