GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following paper:—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation (Tank Restoration Scheme), dated Bezvada, 11th July 1892, No. 940 K.S.

I have the honour to forward, herewith, for sanction of Government, an estimate amounting to Rs. 5,150 to meet the cost of the Survey establishment required for the investigation of the irrigation projects in the upland taluks of the Kistna district during 1892-93.

2. The excess of Rs. 2,150 over the estimate of last year is due to the transfer of one sub-party from No. VII Party, Tank Restoration Scheme, sanctioned in your Memorandum No. 385 T., dated 5th March 1892, and to the extra provision made in the estimate for travelling allowances, &c., of surveyors when first joining their posts as detailed below:—

Eleven lascars on Rs. 6	...	...	...	...	...	792

Deduct for two lascars provided in last year's estimate not required this year	...	...	...	...	...	144

3. Sanction is also requested to the continued employment of the draughtsman on Rs. 50 for the whole year, and of the clerk on Rs. 20 for two months only.

ORDER—dated 2nd August 1892, No. 662 I., Public Works.

NOTES.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.

PARAS. 25 & 26.

1. The column headed "present scale" should invariably show the sanctioned scale for the time being and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum plus two-thirds, or if the appointment is a ministerial one, plus three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{1}{5}$ th fraction should be decreased by $\frac{1}{10}$ th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

6 years = $\frac{2}{5} - \frac{1}{10} = \frac{3}{10}$
7 years = $\frac{2}{5} - \frac{2}{10} = \frac{1}{5}$
8 years = $\frac{2}{5} - \frac{3}{10} = \frac{1}{10}$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

1 Proposition still Sir,

In the Irrigation Budget for 1892-93, one draftsman on Rs 50 and one clerk on Rs 20 were provided for, for investigation of tanks in upland taluqs of the Kistna District. On the Constitution of the Gunter Sub-Division with the requisite establishment, the temporary clerk on Rs 20 was found to be unnecessary, and his services were accordingly discontinued from 5th April 1892.

2. The Examiner, Public Works Accounts has

has provisionally raised the pay
of these men from March 1892,
but he has recently pointed out
that provision in the budget is
no authority in itself for employing
an establishment, and consequently
that the audit of the pay of these
men will be deferred, should
separate sanction of government
for the continuance of their services
during 1892-93 be not obtained, and
communicated to him by the time
the salary bill for July is audited.

3. Separate sanction for interstanc-
ing this establishment was not
applied for, as it was thought
that, except in the case of lump
sum provisions for works establish-
ment, for which detail estimates
are being invariably submitted
for sanction, individual provision
in the budget is a sufficient authority
and the Examiner does not seem

to have raised any objection to
passing the pay of the Sank Restoration
Establishment similarly provided
for in the budget.

4. If now, however, consider that
separate sanction is necessary,
I have the honor to request you will
be good enough to obtain the sanction
of government for the continuance of
the services of the draftsman during
1892-93, and of the clerk for March,
4 to 4 April 1892.

5. A proposition statement is
herewith submitted with reference
to para 3 of GOvt^l let 2 of 2.8.92.
