No 361 of

1 No 98 of

Sir,

(As per memo)

With reference to G. O. No 12222
dated 29th July 1892, I have the honor
to forward herewith a letter No 361
dated 28 May 1892 from the Res-
identive Engineer in charge of Sandine
Relief Works without division of
explanation as to alleged confusion
at the opening of the Saper Relief
Works.

2. In the Collector's letter No 108
of 18th June 1892 the only complaints
were:-

(1) That the notice to the Thasildar
of the 14th April of the works opening

on the 18th was too short.

(2) That there ~~was~~ neither money, nor paymasters ready to pay coolies.

(3) That tasks were not ready for the laborers.

(4) That there was a delay in payments owing to a delay in preparing Trustee Rolls in English.

3. As to the (1) complaint, the Executive Engineer explains the notice of the 14th ^{was} adequate as the Thasildar was not far away, and that the Thasildar's request for 3 days notice was only dated the 17th much too late to be of use. The correspondence shows that the Thasildar had his attention much taken up in the road work that had to be closed and the labor transferred.

4. As regards the 2^d complaint, the Executive Engineer states an imprest of Rs 500 was given to the Supervisor (Mr. S. Dutta) in charge

in time, but he could not get the coin from Budvair till he obtained an escort for it, and there was ^{only} delay in finding out the proper civil officer to apply to ^{for this}. The Thasildar simply cashed a cheque for Rs 350 on Budvair treasury as a matter of convenience. The delay in regard to the appointment of paymasters has been already dealt with in G. O. Nos 2000 W & 2242 W dated 13th July and 13th August 1922 respectively.

As to the 3^d ^{complaint} it has already been explained to the Collector's satisfaction.

5. As regards the (4) complaint, the Executive Engineer, Mr. Chatterjee, admits that there was some delay owing to his laboring under the idea that Trustee Rolls and Vouchers should be in English.

6. There no doubt was some confusion that might have been perhaps avoided, and the rest was due to misunderstanding difficult to get at in the long letters attached

and which would probably not have occurred if the Thakildar's whole time had not been occupied from the 18th to the 22nd. April in closing roadwork and setting free large gangs of pathan undisciplined labor.
