Kistna District Collector's
Office, Masulipatam.

17th November 1891.

From

A. S. Annadil Esquire

Collector

Kistna District

To

The Secretary to the Commissioners of

Land Revenue.

Sir,

Madras.

In reply to Board's Pro-
ceedings General Register N^o 826
dated 8th April 1891 regarding a
cutcherry for the Bezavada Town
sub-Magistrate, I have the honor
to enclose a plan of Bezavada
Taluk Cutcherry compound with
the buildings marked there on
and

and also a plan of the Town,
both of which I beg, may be
returned.

2. The Taluk Cutcherry
is a comparatively new one on
Mr Chisholm's design and does
not readily admit of addition
or alteration. The Compound is a
small one and the Superintending
Engineer in forwarding the plan
says "I am of opinion that there
is not sufficient space to add on
the additional buildings without
unseriously affecting the present
buildings". In short the Town Sub.
Magistrate's Office would have to
be a separate building alongside
the Taluk Cutcherry in a compound
or it

not big enough for both.

3. A further serious objection
to the proposal to locate the Town
Sub. Magistrate at the Taluk Cutcherry
is that it is opposed to the policy
which I have been working out
for some years and which has been
cordially accepted by the Board
and Government, namely, to
avoid any step likely to increase
the congestion of the old Town of Bej-
wada, and to locate all new offices
in the new suburbs. In support
of this policy the Executive Engineer's
house and office have been built
in Buckinghampet and the Head
Assistant Collector's house and
office are to be built in the same
locality.

4. There is no suitable site to be had in Buckinghampet for the Town Sub-Magistrate's Office at a less price than 8 annas per square yard. Partly for this reason and partly for public convenience I propose to place this Office in the new suburb between the Ryres and the Ellore Canal as indicated in the plan, where I am reserving a suitable plot at first cost, namely Rupees 230 per acre. The Board will see from the plan that the site will be fairly central for the old Town, for Buckinghampet and for the new suburb for Mahomedans and Pariahs road ~ known

known as Wynchpet. $2\frac{2}{3}$

5. I beg therefore that sanction may be given for the erection of a cutcherry for the Town Sub-Magistrate.

I have the honor to be
Yours

Proceedings of the Board of Revenue.
(Land Revenue)

Dated 14 May 1891 N^o 3358 Mis. N^o 3358 Mis. N^o 3358 Mis.

At the L. M. Watters.

Read the following letter from
A. J. Arundel Esquire, Collector of
District dated 6 March 1891, N^o 1734.

I have the honor to request that
the sanction of Government may be
obtained for the erection of a suitable
cutcherry for the newly appointed Town
Sub. Magistrate of Bejawada. There
is no room for him in the Taluk cut-
cherry and there are no suitable
buildings available public or private.
For the present he is located in the
police station just erected in
Bue Kinghampet. A good site for
an office can be obtained between
the

the Ryrees and Elmore Canals
the following reference thereon
dated 18 April 1891. —

The Collector is requested to report
if it would be possible to add
to the Taluk Cutcherry in such a
way as to provide accommodation
for the Town Sub-Magistrate and
the proposed new stationary
Sub-Magistrate.

2. A plan of the present
Taluk Cutcherry if not of the standard
design and a sketch of the town
showing the proposed site for the
new Town Sub-Magistrate's cut-
cherry should be forwarded.

Also the following letter from
the same officer dated 18 April 1891 is appended:—

Adverting to your reference on

Board's General Register No. $\frac{824}{891}$, I
have the honor to inquire if the accom-
modation to be allowed for the
newly appointed Town Sub-Magis-
trate and the proposed Cutcherry
Magistrate of Bezwada is to be the
same as that allowed for Deputy
Tahsildar's Offices and if so whether
it would not be advisable to let
this reference stand over till the
new standard designs for the Deputy
Tahsildar's Offices are received from
the Government Architect.

Resolution

The Collector will be
informed that where a Sub-Magistrate
has to be accommodated in a Taluk
Cutcherry it will be sufficient if
provision is made for one additional
Court.

Court room having a superficial area of 400 square feet and one private room of about 176 square feet. His clerks can sit with the others.

2. The Board's reference should of course be answered; the question of adopting the type design or not depends first on the decision which may be come to as to whether any new building at all is needed.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Res. of the

Board of Revenue (Land Revenue) dated 17 Decr 1891 N^o 8949 in letter from the Collector of Tanjore dated 17 Novr 1891 N^o 8975.

Resolution - Submitted for the orders of Government.

2. For the reasons stated by the Collector the Board supports his proposal that the new Lower Sub Magistrate's office be built between the Poyas and Illore Canals as proposed by him. If this meets with the approval of Government it is requested the instructions be issued in the Public Works Department for the early construction of an office according to the revised design now under the consideration of Government and for making the necessary provision of funds in the budget of that Department.

3. The exact site of the proposed new office has not been marked by the Collector on the plan.

Order thereon 23rd Decr 1892 N^o 454.

The Board's recommendation in para 2 is approved & transferred to the P. W. Dept.
