India Office,

26th August 1892.

Sir,

With reference to the following demands in the Public Works indent No 25, forwarded with your letter No.1022 W dated 29th March 1892 viz:

2585/1

Item 447 - Screw plates 4" long estimated cost £3 No.3

448 - - Do. - 3" long estimated cost £1.10. - 3

I have the honour to inform you that screw plates will be supplied similar to those furnished in compliance with a demand in indent No 18 of 14th March 1891, viz: 1/8" to 1/64" with taps complete. The cost however will be £10 per set or £30 in all. The estimate in the indent of £4.10 is obviously too low, as the price of the last supply was £5 per set; but the contractors now explain that they cannot supply the articles at that price, as the last set cost them over £8. owing to the difficulty in cutting the small sizes.

I have the honour to be, Sir,

Your obedient Servant,

J. Tucker

Director General of Stores.

The Secretary to Government,
Public Works Department, Madras.
