Civil Works.

READ—the following paper :—

From J. STEAVENSON, Esq., Registrar of the High Court of Judicature at Madras, Original Side, to the Secretary to Government, Public Works Department, dated Madras, 8th September 1892, No. 444.

I have the honour to inform you that I requested the Consulting Architect to Government to put up barriers at each end of the passage which goes through the middle of the Original Side record-rooms and rails in the verandah of the north wing of the New High Court and in my office and he informs me that the work cannot be done without the sanction of Government.

2. I have, therefore, the honour to request that you will be so good as to obtain the necessary sanction from His Excellency the Governor in Council.

3. Such barriers as we require have been erected for the Appellate Side and are absolutely necessary to ensure the safety of the records and to prevent the public having too easy communication with peons and others having access to the record-rooms.

4. The rails, for which we ask, are necessary to exclude the public from the offices where their presence seriously disturbs the clerks at their work, and to guide suitors and others to the particular place where their inquiries can be answered and business attended to.

ORDER—dated 19th September 1892, No. 2592 W., Public Works.

The Consulting Architect is authorized to carry out the required work.
