P. Poyson the Board's Engineer, twelve months furlough on medical certificate and appoints Mr. R. W. Thompson to act for him in practice during that period, or until further orders.

2. A copy of Mr. Poyson's letter No. 846 dated 3rd instant is submitted herewith also the letter from Surgeon Major H. D. Cook, Surgeon, 1st District, which is referred to in para 2.

3. In appointing Mr. Thompson to act for Mr. Poyson during his absence, the Director has taken into consideration the remarks made in para 3 of Mr. Poyson's letter.

11 November 1891 No. A.C. 4
325.
Forwarded with reference to Memorandum No. 192 Public dated 18 November 1891. Mr. J. P. Poyson is not under the control of this office. If he is considered to be a gazetted officer and subject to the rules of the Civil Service Regulations, leave on medical certificate for one year may be granted to him on production of a Medical Board's certificate, prescribed in Article 894. If he be considered a non-gazetted officer, leave can be granted on production of a certificate from his medical attendant duly countersigned by the Principal Surgeon and by the Surgeon General as prescribed in Articles 903 & 905.
2. If he is however held as not subject to the rules of the Civil Service Regulations, the Government may accept any form of certificate and grant him leave for one year.

From, 24 November 1891 No. 522

The Chairman will be requested to submit a medical certificate as provided for in sections 903 and 905 of the Civil Service Regulations.

letter: also that a work like the construction of the Abasco Harbour requires special qualifications, and experience which Mr. Thompson has now had for a period of several years; and the Directors are satisfied that he is well able to carry on the work during Mr. Pogson's absence.

The Board has not assented to Mr. Pogson's request that the first three months of his furlough may be treated as privilege leave, as such is contrary to the civil leave rules adopted by the Directors, who would however have no objection to a special arrangement of the sort indicated, being made, in Mr. Pogson's case should Government see fit to so direct.

Order, 18th November 1891 No. 508.

The grant of twelve months' furlough on medical certificate to Mr. Pogson is approved, subject to reports by the Accountants General, which has been called for. The allowance to be drawn by Mr. Pogson while absent from duty should be stated. The proposal that the first three months of the leave should be on full pay is inadmissible.

On the information before it

the Government is not prepared to accept the Director's proposal that Mr. Thompson shall act as Engineer to the Board, but will be prepared to lend the services of an officer of the Public Works Department if the Harbour Trust

Board desire it.
