TECHNICAL NOTE.
Demarcating Port lands at
Tuticorin in the Tinnevely Dist.
Amount of estimate Rs 390

This estimate was framed at
the request of the Presidency
Port officer. It provides for fix-
ing 78 demarcation stones a-
round land within port limits

The size of the stones are to be
36" x 9" x 9". The lower 24" are to
be bedded in a foundation
bed of concrete 2 1/4 feet square
& 2 1/2 feet deep. The upper
surface of the stone is to be
cut on one side with the
letters T.P.B. 4 inches high
& 1/2 inch deep.

The rates for concrete & cut
stone work are high when
compared with the schedule
of rates but due to the
disturbance in support of the
high rates.

The estimate provides for an item of Rs 43 for making two plans. It is not unadvisable why provision should be made for this item.

The estimate has been amended, signed by the Presidency Port Officer and approved in the Marine Dept.
