No. 3278

From W. Hughes Esqre

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
P.W. Department.
2636/1

SIR,

With reference to G.O. No. 1418 W dated 6th May 1892 on Provincial C.D. statement for the period ending 29th February 1892 I have the honor to submit for sanction a supplemental estimate of Rs 11202 for Provincial Tools and Plant new supplies. The original estimate was sanctioned in G.O. No. 2375 W of 8th September 1891

The General Superintendent states that the excess is due to the adjustment of value of stores transferred from Tank Restoration scheme and workshops during 1891-92 and it was not anticipated at the time of submitting the original estimate.

I therefore request that the estimate may be sanctioned at an early date for the removal of objection raised by the Examiner.

I have the honor to be
Sir
Your most obedient servant

W. Hughes

Chief

I visit unit 2636/2 understand this -

Can stores be transferred from Bi Bank Restoration scheme without an order - I understand was this before detailed keep transfer -

Also Loco & why are stores from P.W. workshops transferred to Provincial under new supplies -

Stores made up at this bank shops - should not

Works Department.

Can find no rules limiting the General Supts powers in regard to the issue & receipt of Stores. The Workshops are very much favoured in this matter, I think. A lot of useless articles from the Shops find their way into the Stores.

28.VII.92

The Stock of Stores is Provincial - and other funds pay for what they draw. If the articles are provided

get out for them. But for general tools & plant, they make a contribution of 1½ per cent on the grants for Works.

Attached to C.O. No. 1418 W dated 6th May 1892 the accompanying supplemental estimate amounting to Rs 11,204 is submitted for the sanction of Govt. & reasons for the additional required by the Examiner.

The original estimate amounting to Rs 16290 was sanctioned in G.O. No. 2395 W dated 8th Sept. 1891. The accompanying supplemental estimate is submitted owing to the adjustment of the value of stores to be transferred from the Tank Restoration Scheme & workshops during 1891-2 which was not foreseen at the time of submitting the original estimate.

The ratios that can be check-ed are tabled up in blue under the sub-head of articles under construction in the P. W. workshops an item of

6.

6 iron earth chisels are priced at Rs 2-8 each. This rate appears the unreasonably low, also a charge of Rs 2 is made for 10 plotting scales engraved. This latter item is not understood as plotting scales are not made in India. Pantographs are valued at Rs 69-8-0 each, against Rs 60-0-0, as per the last rate list of the P.W. Stores (1887). A straight edge, brass, 3 feet graduated at Rs 27-0-0, against Rs 24-1-7 as per Stationery rate list for 92-3 issued by the Surveyor Clothing in Fort St. George Gazette of 15th March 1892.

The amount of the estimate is slightly increased from Rs 11,202 to Rs 11,204 owing to clerical error in calculation.

The estimate has been submitted for the formal sanction of Govt. to remove the objection raised by the Examiner of P.W. Accts in respect to want of estimate. The value of the tools having been adjusted in the accounts for 1891-92, no allotment is necessary in the current official year and the S. E. has not therefore applied for the same.
