Resolution—dated 11th July 1892, No. 353.

In Government order, dated 27th January 1892, No. 520 R., the Board was called upon to report upon a proposal that an order in the Public Works Department under which the services of special watchmen as caretakers of Government bungalows and rest-houses were dispensed with in Coimbatore and the village officers required to look after the buildings without extra remuneration should be made general.

2. The question was referred to Collectors for their remarks, and their reports, all of which have now been received, are submitted to Government in original.

3. It will be observed that only the Collectors of Nellore, Kurnool and Salem are in favour of the proposal. The Board concurs with the great majority in deprecating it. Village officers are already overburdened with work and could not look after buildings of the kind referred to with any efficiency. There must in any case be some one to do the menial work of cleaning, &c., and it is better that this should be a specially paid watchman, who can be made directly responsible, than a taliari

or vetti, who can always plead his other duties as an excuse for neglect. The comparatively small amount that could be saved in respect to the watchman's wages would be more than made up in the way of loss to Government by deterioration of the buildings.

4. It will be seen that in Kistna the experiment has been tried in respect to Local Fund bungalows and that the Collector reports that "the system is a failure, for the bungalows are practically left dirty and neglected to their serious detriment." Moreover some of the Government bungalows, such as those on the Buckingham canal at the Seven Pagodas and Ennore, contain furniture and other valuable property which cannot be safely entrusted to gratuitous agency.

2. As the sub-division officer's bungalow and the supervisor's quarters at Buchireddipalam in the Nellore division seem to be occupied by Public Works officers, there is no necessity for watchmen to look after the buildings.

3. The village officers, on whom the duty of watching the overseers' sheds at Udamalpet, Polláchi and Kótúr was imposed in G.O., No. 3274 W., dated 7th December 1891, will be relieved of such duty on the entertainment of the watchmen now sanctioned.

4. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 49 W. of 1892–93 and classified as Establishment, Temporary.

Office-note from the Examiner, Public Works Accounts, dated 7th March 1892, No. 348 S.A.

ORDER—dated 17th March 1892, No. 878 W., Public Works.

The temporary establishment required for the I Circle during 1892-93, as detailed in the statement submitted by the Superintending Engineer with his letter recorded above, is sanctioned with the following exceptions:—

(1) The temporary clerk on Rs. 15 per mensem required for the Godávari Eastern division is disallowed with reference to para. 2 of G.O., No. 2548 W., dated 23rd September 1891.

(2) The messenger on Rs. 6 for the Ganjam Division office has been struck out of the statement with reference to G.O., No. 1600 W., dated 12th June 1890.

(3) The Superintending Engineer will ascertain from the Collector whether the custody of the rest-houses in the Rushikulya division cannot be entrusted to the village officials. Pending information on this point, the proposal for five watchers for this duty will be held in abeyance.

2. The sanction accorded in these Proceedings has been registered as Provincial No. 83 W. of 1891-92 and classified as Establishment, Temporary.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 6th August 1891, No. 4435.

During the year 1890–91 the following sanctions were accorded for the employment of gardeners or compound-keepers for buildings occupied as residences :—

Divisions.	Name of work.	Estimate.	Authority for sanction.
		Rs.	
Godávari Eastern ..	Compound-keeper for Superintending Engineer's quarters, Dowlaishweram.	80	G.O., No. 319 W. of 5th February 1887.
	Gardener for Assistant Engineer's quarters, Dowlaishweram.	63	Superintending Engineer in No. 28/90-I.
	Gardener for Executive Engineer's quarters, Dowlaishweram.	75	Superintending Engineer in No. 27/90-I.
Consulting Architect..	Gardeners employed at the Wallajah Baugh ..	326	Consulting Architect in No. 3/90-I.

2. With reference to the recent rules for assessment of rents (*vide* code para. 1041), the employment of gardeners for buildings occupied as residences at the expense of the State, without corresponding increase of rent, would apparently require the sanction of the Government of India.

3. If, however, it is not considered desirable to refer the matter and if the gardeners, &c., are to be kept on at the expense of the State, I would submit for consideration that the rents of the buildings concerned be increased by the wages of the men employed in connection with them.

Office-note from the Examiner, Public Works Accounts, dated Madras, 4th September 1891, No. 5295.

The wages of the gardeners have been charged to the head "Repairs, Civil Buildings," but they have not apparently been included in the average cost of repairs for the purpose of assessing rent. For instance, the cost of gardeners in the case of Wallajah Baugh occupied by Mr. Irwin amounts to Rs. 326 per annum, while the cost of repairs included in rent calculation is only Rs. 206 per annum.

2. In the case of items 1 and 3, rents are paid by the occupants at 10 per cent. of salary. The normal rent of the building occupied by the Superintending Engineer, I Circle (item 1), is Rs. 170, but he pays only Rs.110 which is 10 per cent. of his salary ; similarly, the normal rent of item 3 (building occupied by the Executive Engineer, Godávari Eastern division) is Rs. 132, but the rent recovered is only Rs. 80, viz., 10 per cent. of occupant's salary ; and in these cases the inclusion of the gardeners' salaries in cost of repairs would not affect the amount of rent recoverable, as it would only increase the normal rent, while the tenants would still only pay 10 per cent. of salary.

Office-note from the Consulting Architect to Government, dated 24th September 1891, No. 2467.

On the whole of the grounds at the Wallajah Baugh including the Brickfields in which there are number of trees to be looked after, there have been four men employed to look after the fruit trees and shrubs. Two of these have been constantly employed on the portion adjoining the residence; the cost of the pay of these two men is Rs. 12 per mensem. The actual expenditure on the whole including the Brickfields was Rs. 307, the whole having been included under one estimate. The gardeners in the Brickfields may in future be dispensed with, the greater number of the trees having died during the recent drought or have to be removed in digging brick clay. The cost of the other two will be included in the rent of the residence in future if this course is approved, the greater number of the trees and plants being Government property; but if it is thought advisable to dispense with the gardeners altogether, I, as occupant of the house, will provide for the care of such of the flowers and plants as are my own property, also of those belonging to Government, retained as ornaments to the grounds.

ORDER—dated 30th October 1891, No. 2923 W., Public Works.

The Government considers that gardeners for buildings occupied as residences should not be allowed at the expense of the State. Such charges will therefore be discontinued.

2. Expenditure already incurred under this head will be admitted in the accounts and charged to the maintenance of the buildings concerned. With regard to the Consulting Architect's residence, the Government approves the proposal that the pay of only two of the men hitherto employed shall be included in the cost of repairs to Wallajah Baugh, no change being made in the head to which the cost of the other two have been debited. The services of the four men will now be dispensed with.

With reference to G.O. No. 1266 W dt 20th April 1892, I have the honor to state that the Collector of Chingleput writes -

"The bungalow in Chingleput being "situated far away from the Kasbah town and in "an out of the way locality, the village officials "cannot be expected to properly look after it. As "for the bungalow at Tripasore, there is no objection "to place it in charge of the village Munsiff- Except "that it cannot be so well looked after as it would be "if in charge of your Department".

Deputy

"Deputy Collector - If the building be placed in charge
"of the village officers - this will in the result mean
"that it will not be looked after at all". The Deputy
Collector states in his letter. "It is not possible
"for the village officers to have charge of it unless
"a special remuneration of at least three Rupees
"is paid to them. The Vicharjun who is the only servant
"allowed to them has quite enough to do and cannot
"afford to look after the building. A separate
"watchman will have to be employed."

2. I request that sanction be given to the
entertainment of watchmen for these vacant
buildings, as asked for in my No 167 W dated 1261 W of 20492
25th March 1892.

Resolution—dated 11th July 1892, No. 353.

In Government order, dated 27th January 1892, No 520-R., the Board was called upon to report upon a proposal that an order in the Public Works Department under which the services of special watchmen as caretakers of Government bungalows and rest-houses were dispensed with in Coimbatore, and the village officers required to look after the buildings without extra remuneration should be made general.

2. The question was referred to Collectors for their remarks and their reports, all of which have now been received, are submitted to Government in original.

3. It will be observed that only the Collectors of Nellore, Kurnool and Salem are in favour of the proposal. The Board concurs with the great majority in deprecating it. Village officers are already overburdened with work, and could not look after buildings of the kind referred to with any efficiency. There must in any case be some one to do the menial work of cleaning, &c., and it is better that this should be a specially paid watchman who can be made directly responsible, than a taliari or vetti who can always plead his other duties as an excuse for neglect. The comparatively small amount that could be saved in respect to the watchman's wages would be more than made up in the way of loss to Government by deterioration of the buildings.

4. It will be seen that in Kistna the experiment has been tried in respect
Local Fund bungalows, and that the Collector reports that "the system is a failure,
the bungalows are practically left dirty, and neglected to their serious detrimen
Moreover some of the Government bungalows, such as those on the Buckingham ca
at the Seven Pagodas and Ennore, contain furniture and other valuable property wh
cannot be safely entrusted to gratuitous agency.
