P. W. D. Form, No. M 184.

PUBLIC WORKS DEPARTMENT, MADRAS.

Tabular Statement showing the proposed Changes in the Establishment of the P. W. Department, Madras Presidency.

The entries within under the head, "Present scale" have been checked and found correct [subject to exceptions noted below *].

Examiner of P. W. Accounts, Madras.

* The words in brackets should be scored out when there are no exceptions to be noted.

NOTES.

Reference to Madras P. W. D. Code, Edition of 1886.

Paras. 25 & 26.

1. The column headed "present scale" should invariably show the *sanctioned scale for the time being* and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum *plus* two-thirds, or if the appointment is a ministerial one, *plus* three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{2}{3}$th fraction should be decreased by $\frac{1}{60}$th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

6 years $= \frac{2}{3} - \frac{1}{60} = \frac{39}{60}$
7 years $= \frac{2}{3} - \frac{2}{60} = \frac{38}{60}$
8 years $= \frac{2}{3} - \frac{3}{60} = \frac{37}{60}$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

400—6-5-91.

STATION, Camp Kohat

Dated 19-8-1892

Copy of Letter No 241/S.E. dated 19th August 1892 from A. B. Todd Esquire Executive Engineer Kohat Division to the Superintending Engineer III Circle Railway.

In submitting herewith for the sanction of Government a proposition for the retention of the extra office establishment asked for in your No 1456 of 10 August 1892 I have the honor to report that its retention till the end of September /92 is very necessary for employment on relief works in progress and which in all probability will last for that period.

2. I now take the opportunity of mentioning that the continued employment of the present staff of the office subordinates deputed to famine duty in this division is likewise necessary till the end of September /92 as in the case of

office establishment.

CW= 9087
Cir 1979

I clerk on Rs 40= and I clerk on Rs 20 were sanctioned for each of the 2 Executive Engineers viz Messrs. Foord and Chatterjee posted to the Cuddapah Division for Famine Relief Works. Mr. Foord having been transferred to the Chingleput Dn, the establishment employed under him appears to have been placed under Mr. J. Elliot, Temporary Sub. Engineer, who is now in charge of Famine Relief Works at Madanapalle vide remarks in column 22 of the proposition statement.

I have been trying to verify the above facts from records in this office as well as in that of the Examiner, P.W. Accounts, but without success. Hence the delay.
