No: 291.

Madura Collector's office
20th August 1892.

From

E. Turner Esqr:
Collector of Madura

To

W. S. Meyer Esqr: 1866-67/1
a/ Secretary to the Commrs of L.R.
Madras.

Sir

In reply to Government endorsement No: 2742 dated 9th June 1892 (herewith returned) I have the honor to forward a report from the Head assistant Collector, with its enclosure and to report that the objections to the opening of a telegraph office at O'Sirunayal have been raised owing to factions in the village

2. The objections are:—

(i) That a portion of the public street has been encroached upon in the Construction of the building where the Telegraph office is to be located and that the objectors intend to file a Civil Suit.

(ii) That a car passes along the street in the months of December and January that its height is 15 Feet and its Course will be interrupted by wire.

(iii) That there are telegraph offices in

t Kanadukathan and Karaikudi sandy
ills respectively from P. Sivaganga and
at the opening of office at P. Sivaganga
ill not be remunerative.

2. That repairs to certain temples in the
Magaram are in contemplation and that
e noise that would be caused by the Chenai
arti would be a nuisance to the working
f the telegraph office.

3. Objection No: 1 The building was
onstructed long ago and no objection
as taken then.

Objection No: 2 No Car is used. Even if
it be used, the wire will not interrupt it
s it will be more than 20 feet high.

Objection No 3 refers to the ground as the
Chettiar has paid himself for any deficiency
ency of income.

Objection No 4 is absurd.

It is therefore clear that the objections
ut forward are due to factious and
rexprivalous and vexatious.

I have the honour to be
Sir
Your most obedient servant

To,
The Director General of Telegraphs.

Sir,

Adverting to your letter No. 3214 dated 18th May 1892 on the proposal to open a telegraph office in the Village of O. Sirumangal

the Madura
district I am directed
to say that enquiry
has been made
into the subject of
the opposition dis-
played by certain
of the inhabitants
to the measure.
The result arrived
at is that the
opposition is due to
faction and that it
is leaders and
frivolous. There
thus seems no reason
for any further
delay in carrying
out the proposal.
