READ—the following paper:—

From H. W. FOSTER, Esq., Registrar of the High Court of Judicature, Appellate Side, to the Chief Secretary to Government, dated Madras, 11th January 1892, No. 80.

The new court-house for the District Munsif of Márkápur in the Kurnool district, the construction of which was sanctioned in G.O., dated 26th January 1891, No. 241 W., is approaching completion.

2. The building is designed on the standard plan which does not provide for a witness' shed, but the District Judge, who has recently inspected the court, reports that the provision of such a shed is very necessary since the court-house is at some distance from the village and there is no place of shelter in its vicinity. Under these circumstances, the High Court, having regard to the climate of Kurnool district, considers the erection of a shed at Márkápur necessary and I am accordingly directed to request that the Public Works Department may be asked to carry out the additional work and that the requisite funds may be allotted.

No. 120.

Approved and transferred to the Public Works Department.
