Civil Works.

READ—the following paper :—

From Colonel J. M. SMITH, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 12th December 1891, No. 444.

As Government in G.O., No. 2011, dated 26th September 1891, finally decided to retain the present quarantine ward inside the jail at Vellore, I have the honour to re-submit, for sanction, plans and estimates, amounting to Rs. 6,280, for constructing a small ward for civil debtors with out-houses in the Vellore Central Jail.

R. No. 41.

Approved and transferred to the Public Works Department.

(By Order.)

14th January 1892.

(Signed)

A. BUTTERWORTH,
Ag. Under-Secretary.

ORDER—dated 1st February 1892, No. 270 W., Public Works.

The estimate, amounting to Rs. 6,280, for constructing a ward with out-houses for civil debtors in the Central Jail at Vellore in the North Arcot district, is sanctioned for execution when funds become available.

2. This sanction has been registered as Provincial No. 106 W. of 1891-92 and classified as Civil Buildings, Original Works.

TECHNICAL NOTE. 19.1.92

Constructing a Civil Debtors Ward
in the Central Jail at Vellore.
Amount of Estimate Rs 6,280

This estimate was prepared at
the request of the Supt. Central
Jail, Vellore. It provides for
constructing a Debtors Ward with
Cook house, latrine and bathing
cistern, at the Vellore Central
Jail, on the site shown on the
plan.

The amount of the estimate
is made up as follows:-

Civil Debtors Ward	Rs 2,760
Cook house	530
Latrine	980
Bathing cistern	190
Railings	1,820

Grand Total Rs 6,280

The surface soil is stated to be
gravel and the sub soil moribund
at a depth of 3 1/2 feet. The
foundation

foundations are proposed to be carried to a depth of $3\frac{1}{2}$ feet of concrete with stone jelly & the basement raised to a height of 2 feet. The basement & superstructure walls are to be of burnt stone in situ: - walls finished with lime mortar both interior and exterior & the doors & window openings provided with cast-iron lintels. The floor of the main building and latrine shall be of $\frac{3}{4}$ " asphalt laid on 4" of concrete and that of the kitchen with 4" of concrete above. Roof to be of flat tiles laid on brick sleepers, rafters etc. except the night latrine attached to the doctors ward, this will be of pulley timber. Doors & windows to be of the description provided for in the estimate.

The scantlings of the roof timbers are correct except for the latrine where the rafters provided appear to be weak. The span being $(2 \times 8\frac{1}{2})$ 17' & according to Standard Specification Table III page 48, the scantling should be $3" \times 5\frac{1}{4}"$ as against $3" \times 3\frac{1}{2}"$ as provided in the estimate. If the standard scantling be adopted the excess will be about Rs 45 in cost.

270
4

The rates are fair, except for the following:-

	Est.	Schedule
Pointing with mortar	2.00	against 1.80
Roofing with tiles	14.80	do 14.00

 If the schedule rates are adopted the saving will be Rs 50.

The plinth area of the doctors ward is 1018 sq ft and the cost will be Rs 2.11.4 per sq ft.

The ward is designed to accommodate 10 men with a floor area of 48 sq ft per man including of verandah accommodation.

The plans & estimate have been counter-signed by the Inspector General of Jails and approved in the Judicial Dept.
