ORDER—dated 2nd September 1892, No. 922, Revenue.

Miscellaneous.

With the Proceedings read above, the Board of Revenue submits lists of persons qualified to be Deputy Collectors, prepared in accordance with G.O., dated 16th December 1891, No. 1193. To obviate

the preparation of similar lists annually which will entail considerable labour and serve no useful purpose, the Government resolves to direct that a printed confidential register be maintained in the offices of the Board and Government showing the names of all persons qualified to be Deputy Collectors merely by virtue of having passed the prescribed tests, together with their age and position in the service. In the case of those who are not in the public service, their profession, if known, should be entered. In the remarks column should be noted any recommendation made by any public officer in favour of, or remarks hostile to, each person. A fairly complete list can be prepared with the materials already collected. It should be printed with the names alphabetically arranged district by district and numbered consecutively.

2. This register should be supplemented annually by means of an additional page containing the names of all persons who qualify at each successive examination. A list of passed men in the same form as the register should be obtained from the Commissioner for the U.C.S. Examinations every year as soon as the results of the Special Test Examinations are published and circulated to Heads of Departments and Collectors for entry in the last column thereof of any recommendation or remarks which they may wish to make. The list should then be printed and attached to the register. Heads of Departments and Collectors will be at liberty to add to or modify remarks already made in the case of persons whose names are in the register, as it is possible that a person declared unfit one year may become fit subsequently. They should also report the names of any persons who have died or retired since the last return.

3. This register will afford standing information regarding all who are qualified for the post of Deputy Collector merely by examinations. In addition thereto, a list should be submitted by the Board annually containing the names of those persons only who are recommended by Heads of Departments and Collectors. The list should give the following particulars:—

- (1) Number on the register.
- (2) Name of person.
- (3) Service.

(4) Highest University Examination passed.

(5) The year of passing the qualifying tests.

(6) Particulars regarding landed property as per columns 7—11 of the statement printed in G.O., dated 20th February 1892, No. 164.

All others who are in the public service will be deemed *pro tem.* unfit.

4. This order will be communicated to the other Departments of the Secretariat with a view to its being circulated to Heads of Departments under their control for information and guidance in modification of the instructions contained in G.O., dated 20th February 1892, No. 164.
