The urgent notifications received after 6 P.M. last evening were not treated as one of them was such a large one and that I was made up. If these notifications should come today, please obtain the sanction of the Chief Secretary for issue of a Gazette extraordinary.

To R
It has been ascertained from the Secy that the

notification referred to
are land acquisition stati-
ments relating to E. Coast
Railway as ^{in the ordinary}
Please say if you
would wish them to be
published in a Gazette
Extraordinary.

As the non-publication
of these anticipations will
cause a delay of a week
and time is of great
importance. I should be
glad if a Gazette Extraordinary
could issue.

of same date.

In the Gazette
extraordinary just
received only three
notifications appear,
while the publica-
tion of six was
asked for.

The three noti-
fications relating to
land for the Periyar
Project, which have
not been inserted
in the Gazette Extra
are very important.

No 390

Madura Collectors Office

27th September 1890

From

E. Turner Esquire, ^{23/1}
Collector of Madura.

To

Mr. A. Lum Esquire
Acting Secretary to the Commissioners
of Land Revenue
Madras.

Sir,

With reference to Board's Proceedings
dated 12th and 22nd September 1890 Nos
5860 and 6084 Dis, I have the honor
to request that the Board will be
pleased to move Government to pub-
lish at an early date in the Fort
St. George Gazette the draft noti-
fications submitted with the above
and similar ones as the Executive
Engineer No II Periyar Division states
in his letter to the Deputy Collector
Madura Division No 175 M of 17990
that the land required for the
IV Branch channel has not
been

been acquired even yet and our
expenditure suffers thereby. I request
therefore that means be taken to
hasten its acquisition as well as
the lands required for the VI and VII
reaches. There is a good ^{deal} of hard
soil in the VI reach which could
be advantageously excavated now
and I am anxious therefore to
acquire the land.

I have the honor to be
Sir

Governor. President. St.

J. L. Lauer
Collector.
