9TH OCTOBER 1890, No. 6110, Mis., REVENUE.

GOVERNMENT OF MADRAS
REVENUE DEPARTMENT.

Read—the following G.O., dated 11th September 1890, No. 2309 L., Mis.:—
Read—again G.O., dated 7th July 1888, No. 1266 L., Local and Municipal.

Order—dated 11th September 1890, No. 2309 L., Mis.

In paragraphs 2 and 3 of Board's Standing Order No. 11 (revised edition), mention is made of a prescribed form in which a statement of the position, area, &c., of land to be taken up for a public purpose should be prepared, but no corresponding form is shown in the appendix to that order and it does not appear that any exists other than that prescribed in Local and Municipal G.O., dated 7th July 1888, No. 1266 L. The general adoption of that form will be considered in the Revenue Department.

2. It is observed further that the Board's order above referred to contemplates the inclusion in the statement of particulars as to the value of the land to be taken up, and it is desirable that when Government is asked to sanction the taking up of land, it should know the probable cost involved. The form prescribed in G.O., dated 7th July 1888, No. 1266 L., does not provide for this information being given, and the Government is accordingly, pleased to direct that a fresh column at the end shall be opened in that form to show the "value of the land to be taken up." The estimate of value will be made in accordance with the instructions contained in Board's Order No. 11 (revised edition).

Miscellaneous.

The Government does not think that sufficient grounds have been shown for reconsidering the decision contained in G.O., dated 13th December 1889, No. 990. There need be very little delay in carrying out the procedure prescribed by Act X of 1870 after the publication of the Government notification declaring that the land is required for a public purpose. The Collector is usually authorized in the notification to take action under section 7, and if the Deputy Collector who prepared the statement of lands to be taken up has made proper inquiries at the time and come to an understanding with the owners as to the prices to be paid for their lands the award of the Collector under section 14 may follow immediately on the expiry of the time allowed in the notice published under section 9. Acquisition under the Act confers on Government an indefeasible title in the lands taken up and this consideration far outweighs any delay that might be incidental to the publication of notifications under section 6.
