PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon General with Government,
dated 12th September 1890, No. 401.

With reference to para 4 of G. O. No. 22 Pub.
S/1444 No. 189, I have the honor to submit the fol-
-lowing proposals for providing better accommoda-
-tion for caste patients in the Presidency Hospi-
-tals.

I. Accommodation. I propose that 2 wards
each capable of containing 6 patients & divided by
partitions into 3 compartments, a small cook room
and latrines should be constructed at the General
Hospital, Ophthalmic Hospital and at the Hygienic
Hospital, Madras, to be reserved exclusively for
Brahmins, other high caste patients. Temporary
accommodation is all that would be required at
the Women & Children Hospital, as sooner or later
this institution may be transferred to the Military
portion of the General Hospital. Until some
such permanent change is made I would only
advise the construction of temporary accommo-
-dation for 6 patients to be subdivided by 2 partitions.

It will be sufficient to provide for 6 patients as the existence of the caste and Gosha Hospital in Madras renders the provision of accommodation on a larger scale in the Women & Children Hospital unnecessary.

II. Staff - I am of opinion that it will be necessary to entertain a Brahmin Cook on Rs. 10, a waterman and 2 attendants at Rs. 5 each for service at the General Hospital, Ophthalmic Hospital and the Lying in Hospital in connection with the caste ward in the Women & Children Hospital my attendant with however be sufficient.

2. - As regards the Leprosy Hospital and the Lunatic Asylum no such special accommodation is necessary. Brahmins or other high caste inmates rarely seek admission to these institutions and present arrangements are sufficient.

Order - 16 October 1890, No. 486. - The Public Works Department will be requested to furnish with the least possible delay plan and estimates for the permanent wards required at the General Ophthalmic and Lying in Hospitals, and for the temporary accommodation suggested for the Women & Children Hospital.

2. - Propagation statements for the increased establishments

establishments recommended should be submitted by the Surgeon General when the special wards have been put in hand.

3. - The Surgeon General has offered no explanation of the great delay there has been in complying with para 4 of G.O. No. 923 of 14th November 1889.

14th November 1889.
