OFFICE NOTE No. 7933.

To

W.

In the accounts of the P.W. Workshops Division for September 1891, a sum of Rs. 868-7-7 was debited to "Miscellaneous Advances on account of the value of coal supplied to the Harbour Trust Board, and on the General Superintendent being asked to furnish particulars in connection with the transaction that officer has replied as follows:-

"The coal supplied to the Harbour Trust Board was not part of the materials on hand. Messrs. Ramsay & Co. are the contractors for the supply of coal to Workshops. The Harbour Trust Board having applied to this office for a supply of the coal at our contract rates an indent was made out on the contractors who supplied the coal direct to the Harbour Trust Board. Some coal was also indented for on Messrs. Best and Co, who supplied it direct to the Board. The payment was made to the suppliers by this office, and

the amount together with an Agency charge of 1 per cent has been claimed from the Board the higher authorized charge of 23 per cent not being appropriate or reasonable. Please see central office voucher Nos. 45 and 46 of September 1891. The transactions were passed through materials in hand account for convenience".

2. The Code para quoted by the General Superintendent (1889 C) would appear to have been misunderstood & misapplied in this case. The Harbour Trust Board is not a Government Department, & I do not see why the intervention of the General Superintendent in the transaction was necessary.

3. As the action of the General Superintendent seems to have been irregular, I bring the matter to your notice for such orders as Government may think necessary.
