GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following papers :—

From A. REA, Esq., M.R.A.S., Superintendent, Archaeological Survey, Madras, to the Chief Secretary to Government, dated Bangalore, 5th September 1892, No. 318.

With reference to G.O., dated 7th October 1891, No. 2683 W., I have the honour to submit the budget for the conservation of ancient monuments in 1893-94.

2. An estimate for works to be undertaken in Conjeeveram during 1893-94 and amounting to Rs. 840 has been received from the Superintending Engineer of the V Circle.

3. To meet the probable expenditure on repairs to monuments recommended for conservation by District officers, I would propose that the sum of Rs. 600 might be allotted.

4. Government Orders, dated 15th January 1892, Nos. 28 and 30, Public, have directed that such monuments as are referred to in the above paragraph 3 must first be inspected and reported on by me before being brought on the conservation list. This will entail some extra travelling expenses which would have to be met from the archaeological survey grant. But that grant is only calculated to meet the expenses of the ordinary survey tours of myself and staff. I would request that an allowance of Rs. 400 might be allotted from the conservation grant for inspection tours in connection with conservation.

5. A sum of Rs. 600 has been placed at my disposal from the present year's conservation grant for excavation in ancient mounds for the recovery of inscriptions, sculptures, &c. I would request that the same amount might be sanctioned for 1893-94. The works proposed to be undertaken are enumerated in paragraph 3 of my tour programme, embodied in G.O., dated 26th July 1892, No. 516, Public.

6. The amounts included above are as follows :—

Estimate from the Superintending Engineer, V Circle	...	...	Rs. 840
Monuments recommended by District officers	...	...	600
Inspection travelling expenses of Superintendent, Archaeological Survey	...	...	400
Excavation of mounds	...	...	600
Total	...	...	2,440

No. 1456, Public.

Transferred to the Public Works Department.

From the Examiner, Public Works Accounts, dated 27th September 1892, No. 1214 C.

ORDER—dated 12th October 1892, No. 2828 W., Public Works.

Communicated to Superintending Engineers and the Consulting Architect to Government for information.

2. A sum of Rs. 2,100 will be provided in the Provincial Civil Works Budget for 1893-94 for the conservation of archaeological works, and from this amount Rs. 600 will be placed at the disposal of Mr. Rea for the excavation of ancient mounds for sculptures.

3. In para. 4 of his letter, the Superintendent, Archaeological Survey, requests that an allotment be made from the conservation grant to defray the charges occasioned by his inspection tours in connection with conservation. This cannot be done as, under Article 1294 of the Civil Service Regulations, the travelling allowance of an officer, on whatever duty he may be employed, is chargeable to the same head as his pay.

To W.

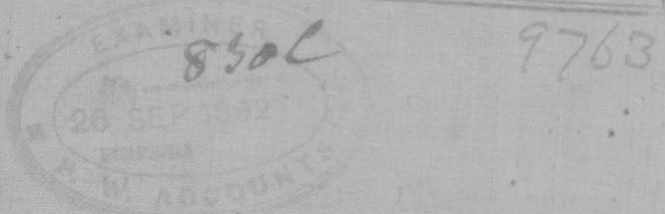

Under Civil Service Regulations article 1294, the travelling allowance of an officer is chargeable, except in certain specified cases, to the same head as his pay. As the case of the Superintendent Archaeological Survey does not fall within any of the exceptions stated, the travelling allowance should apparently be charged to the "Civil Department" which bears the charge for his pay, and no portion of it is chargeable to the grant placed at the disposal of the P.W.D.
