Office-note from the Examiner, Public Works Accounts, dated Madras, 23rd September 1892, No. 1192 C.

[Your office-note No. 4021 C. of 31st August 1892.]

Returned with the following remarks :—

Items 2, 3, *and* 4 (1) *to* (21).—As the cost of repairs to each of these buildings is less than 3 per cent., it is presumed that the Superintending Engineer is fully satisfied that in a series of years the repairs can be carried out for the sum noted against each.

Items 2 *and* 3.—In the case of these buildings the reference quoted in column 20 should be Government of India Code, volume II, appendix VII, page XXXIV.

Items 1, 2 *and* 3.—In the case of these buildings no rent appears to have been recovered prior to September 1888 and it is therefore not possible to say whether the application of the rules in Government of India Code, chapter XI, para. 28, rule I (*b*), will effect any reduction in the rate of rent. In such cases apparently the additional charges on account of establishment and tools and plant should not be calculated.

ORDER—dated 7th October 1892, No. 2800 W., Public Works.

The statement is approved with the following remarks :—

Items 2, 3, *and* 4 (1) *to* (21).—The normal rate of rent will be subject to revision hereafter if the provision for repairs is found to be insufficient.

Items 2 *and* 3.—The correction suggested by the Examiner will be carried out.
