GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

From the Director-General of Stores, India Office, to the Secretary to the Government of Madras, Public Works Department, dated Whitehall, S.W., 16th September 1892, No. 8555 S.

It is noticed that silicate paints are frequently asked for in the indents received from India, but it is only occasionally that driers for mixing with the patent paints are mentioned.

The Silicate Paint Company draw attention to the advisability of using leadless driers with their paints in order to obtain the best results, and I forward a copy of their letter, dated 2nd September 1892, for your information.

ENCLOSURE.

From Messrs. J. B. ORR and Co., to the Director-General of Stores, India Office, dated 46, Cannon Street, London, E.C., 2nd September 1892.

We beg to point out that all our silicate paints are free from lead; it is advisable to use leadless driers; we ourselves supply special leadless driers for use with silicate paint, and it would be advisable, when sending out silicate paint to India, to let our driers accompany them. We merely make this suggestion in order that the best result may be obtained in the use of the paint in India.

ORDER—dated 12th October 1892, No. 2835 W., Public Works.
