READ the following

Letter from S.E. V Circle - (H.E. No. 4391 dt 4 Octr. 1892)
Telegram from the Govt. of India P.W.D. (H.S. No. 40 of No. dt 7 Octr. 92)

The return of expenditure of stores in the Public Works for the year 1891-92 will be forwarded to the Govt of India with the following remarks.

Mks 10 Oct

2. In part (1) of the statement, the articles need not have been detailed, the total value against each heading only being required under Rule 26, Appendix D. Vol. I P.W. Code.

3.

3. In parts (2) & (3) the columns "Incidental charges" have not been filled up. These charges have apparently been included in "average prices or rates", but the form requires that they should be given separately, and under Rule 25, Appendix O, if the exact proportion of incidental charges cannot be ascertained, an approximate percentage charge may be made.

4. Note 5 on Govt. of India P.W. form No. 141 rules that when the statement includes European stores which have been purchased in India, the reason as to the necessity for

6/2845/40

for adopting this course instead of obtaining the store from England should be fully explained in those cases where each of the items exceeds Rs 1,000 in value. This rule has not been observed in the preparation of the present statement.

5. The Govt. of India having telegraphed for the statement, its transmission will not now be delayed by return for revision, but the Supdg: Engineer V Circle will see that the rules are carefully attended to in the preparation of future similar statements.

6. The return was

due

due with the Govt. of India on the 31st August, and should have reached the local Govt. by the middle of that month. No explanation of the delay in its submission has been furnished by the Supty. Engr. this circle to me.

H.E. No: 2846 W. dt 13th Octr: '92.

Copy of the above, with the statement forwarded to the Govt of India.
