Letter from the Executive Engineer
Coimbatore Division to the Chief
Engineer, Madras Command
Military Works, Ootacamund
No 1579 dated 1st May 1892.

1903

I have the honor to request you
will be good enough to inform if
you propose to vacate your present
office, as in that event it should
be handed back to the P. W. Dept^t
and not leased to any private
individual.

Letter from the Chief Engineer
Madras Command, Military Works
to the Executive Engineer Coimbatore
Division No 3603 dated 5th May 1892

In reply to your No 1579, dated 1st
May 1892, I have the honor to inform
you that nothing definite has
been decided about my vacating
my office buildings and until
this happens, the question of hiring
them

them is one for future consideration.

2 In connection with this matter, I would refer you to Madras Government Resolution No 402 W. dated 6th February 1890, directing the transfer of buildings to this Department. Since that date the Military Works have been responsible for the maintenance of these buildings which the Executive Engineer of the late Nilgiri Division reported were practically separate from the sub-divisional office and stores at present under your charge and this being the case, I fail to see what authority you have for asking me to hand back my present office building to you, should they ever be vacated, which, as far as I see at present does not appear likely.

(True copies)

Executive Engineer
Coimbatore Division

No. 3200.

EXECUTIVE ENGINEER'S OFFICE,

COIMBATORE DIVISION,

COIMBATORE, September 1892.

FROM

J. C. Larmine Esq

EXECUTIVE ENGINEER,

COIMBATORE DIVISION.

TO

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE, COIMBATORE.

SIR,

Enclosures. 2

I have the honor to report as follows:-

Under G. O. No. 402 W of 6th February 1890 the larger portion of the old Nilgiri Division office, Ootacamund, (nearly opposite the Tonga office) was, on the reduction of the Nilgiri to the status of a sub-division, handed over to the Chief Engineer Military Works for use as his office. About April last on hearing a rumour to the effect that the Chief Engineer had rented another office and was about to let this one, I wrote to him (copy of letter No. 1579 of 1st May 1892)

May 1892

May 1892 enclosed) requesting, in the event of his vacating the P. W. office, its retransfer to this Department. In his reply - Copy of letter No 3603 of 6th May 1892 herewith - he questions my right to make any such request and ^{was} wound up informing me that there was but little probability of the arrangement being sanctioned. On the strength of this assurance, I took no further action in the matter.

2 The next intimation I had on the subject informed me that the P. W. office had been granted to Mr. Drew on a three years' lease for use as auction rooms and that the Chief Engineer Military Works had rented another building for his office, and I now find Mr. Drew is in possession on a monthly rent of Rs 50.

3 A sketch of the premises accompanied showing the portions still belonging to P. W. & those leased to Mr. Drew.

2/23 It will be seen that the space available as an auction yard is very small and that it appertains quite as much to the P. W. Sub. Division office as to the auction room, while beyond and within that space is the P. W. workshop yard and stores, where Departmental work of some kind or other is always going on.

The whole of the yard space is little enough for P. W. requirements and further it appears that the location of Public auction rooms, on the same premises as the Sub. Division office workshop and stores is open to great objection and inasmuch as I had previously requested the Chief Eng^r not to lease his office to any private individual, I cannot help thinking that before finally settling the question this Department should have been allowed a voice in the arrangement. I now report the circumstances for the information of the Chief Engineer P. W. &

I have the honor to be
Your most obedient servant

Executive Engineer

To

THE SECRETARY TO GOVERNMENT,

MILITARY DEPARTMENT.

SIR,

In returning as requested the correspondence
referred to this office with Military Department No.
5785 of the 15th instant, I am desirous to forward for the
information of Government, the accompanying copy of a
letter from the Chief Engineer, Military Works, observing
that the building in question was transferred unconditionally
to the Military Works Department under the sanction
accorded in P.G. No. Public Works 102 W of 6th February
1890, and that no stipulation was made for its ultimate
reversion to the Public Works Department when no
longer required by the former Department.

From

The Chief Engineer
Madras Command, Military Works

To

The Quarter Master General
Madras Army

Cotacmand 23rd September 1892

Public Works Deptt.
Military Works

Sir,

In returning the documents received with your endorsement N^o. 1881 M W. dated 16th September 1892, I have the honor to report, for the information of His Excellency the Commander-in-Chief that I propose making such alterations to the portion of the buildings known as the Chief Engineer's Office, Military Works tinted pink in the sketch prepared by the Executive Engineer Coimbatore Dⁿ as will obviate the public having access to the yard so that the Public Works Department may, so long as the premises have been leased to Mr. Drew, or to any other party, have entire use of the grounds situated within the enclosure.

2 By the arrangements I propose making the objections raised by the Executive Engineer to my old office being occupied by an Auctioneer or by any one else disappear.

3. The building now rented by me as an office

office has been taken on a 3 years lease, and it was on the understanding that I was able to let my old office premises, that the Government of India was induced to sanction my hiring other accommodation for my office.

4 The revenue of Rs. 50 per mensem at present realized by this Department in renting the old "Chief Engineer's Office" goes towards reducing the rent sanctioned by the Government of India for the hire of my present office, and as the Military Works Department have maintained the former, ever since it was transferred to it in P.O. No. 402 W dated 6th February 1890. I submit that I was perfectly within my rights in declining to admit the authority of the Executive Engineer Bombayore over the premises in question.

5 After the 3 years lease has expired, there will be no objection to rent the quarters to the local Public Works Department instead of to a private individual, but until the expiration of that period the existing arrangements should not be disturbed and with the alterations I propose making to my old office premises, they will be rendered practically separate and distinct from the adjoining Sub Divisional Office and stores belonging to the Public Works Department.

A building which has hitherto been Provincial Office.

I have &c

(Sd) Beresford Swell M.B.E.
