Letter—from
Colonel J. PENNYCUICK, R.E.,
Secretary to the Government of Madras,
Public Works Department,

To
The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

In continuation of my letter No. 178 W., dated 18th January 1892, I am directed to forward an estimate, amounting to Rs. 64,500, for providing fixtures and furniture for the new Law Courts at Madras and to state that, as this Government considers it desirable that the articles should be supplied by the Public Works Department, the cost must, under para. 4, chapter XI, volume I, Government of India Code, be included in the estimate for the building. The present estimate must, therefore, be treated as supplemental to the estimate of Rs. 12,33,663 forwarded with my letter above quoted and requires the sanction of the Secretary of State for India, which I am to request may be obtained at an early date.

2. As the Honorable the Judges of the High Court wish to occupy the new buildings after the forthcoming recess if possible, the speedy supply of the furniture is essential, and, under the authority conveyed in para. 3 of your letter No. 272 A.C.W., dated 27th November 1891, the Consulting Architect has therefore been directed to proceed with the work with the least possible delay.

I have the honour to be,
Sir,
Your most obedient servant,

Dr

For orders with reference to the Hon. Member's note.

The estimate cannot apparently be split up into two portions as suggested by the Hon., if the whole cost is to be met from the P.W. grant.

Note (1) to Code para 973 expressly rules that furniture for new offices will be supplied by the P.W.D. provided that its cost is specially ordered by Govt. to be included in the estimates of such offices.

The entire estimate of Rs. 64,500 must therefore be treated as supplementary to the Construction estimate, & must be sent forward to India for sanction.

The rates appear to require scrutiny with reference to the Hon's remarks.

Cs

P. W. Department

The estimates must
I think be sanctioned
as a whole —
The fittings of course
are included in the
estimates & note 1 para
973 is equally explicit
that if the supply of
furniture for new
Offices is sanctioned
the cost must be
included in the estimates
of those offices

The rates cannot
be checked — presumably
the furniture will be
of somewhat
artistic character

The statement showing furniture & fittings proposed for the New Law Court building is checked and the totals found correct.

The revised estimate will now stand as follows:—

	Rs 12,64,275
Amount for furniture to be charged to Contingencies of the Offices concerned or at the special sanction of Govt. to the revised estimate vide para 973, note (1) of the Code ——	Rs 33,888
Nett revised estimate with furniture & fittings, if furniture be specially sanctd by Govt. ——	12,98,163

Whatever is for fixtures must I suppose be added to the estimate for the building.

The supply of the rest by the P.W.D. had better be sanctioned & then further treated as a special estimate.

The rates seem very high. Arm chairs with wooden seats at Rs23 & 25 each seem dear. However I suppose the estimate cannot be cut down much.

Sir,
In continuation of my letter No. 178 W dated 18th Jany.

Aug: 92, I am directed to forward an estimate amounting to Rs 64,500 for providing fixtures and furniture for the new Law Courts at Madras, and to state that as this Government considers it desirable that the articles should be supplied by the P. W. Dept, the cost must under para 4 chapter XI Volume I, Govt of India Code, be included in the estimate for the building. The present estimate must therefore be treated as supplemental to the estimate of Rs 12,33,663 forwarded with my letter above quoted, and requires the sanction of the Secy: of State for India, which I am to request may be obtained at an early date.

2. As the Hon'ble the Judges of the High Court wish to occupy the new buildings after the forthcoming recess if possible, the speedy supply of the furniture is essential, and under the authority conveyed in para 3 of your letter No. 272 A.C.W. dated 27th Nov. 91, the Consulting Architect has therefore been directed to proceed with the work with the least possible delay.
