No. 50756

MADURA DIVISION,

Dated 5th October 1891.

FROM

A. W. Garrett Esquire
EXECUTIVE ENGINEER,
MADURA DIVISION.

TO

THE *Superintending Engineer*
6th Circle, Trichinopoly

ENCLOSURE:— one

In a cing place.

Sir,

I have the honor to inform you that the Collector recently enquired when the alterations to Tirumala Naik's Palace would be completed so as to admit of his occupying that portion of the building intended for his office.

2. I replied that with the exception of the Vernacular Record Room for which funds had not yet been allotted the rooms for the Collector's office would be handed over in three months time.

3. I have not yet heard whether the Collector will defer moving into the Palace till the Vernacular Record Room is

is built, but it is high time to consider what arrangements can be made for the accommodation of the marginally noted office establishments which will have to give up their present quarters in the Palace as soon as the Collector moves into that building.

4. The No. 2 Periyar Division office and the Tank Division office will not be permanently employed in Madura but on the completion of the Periyar Works I believe that what is now No. 2 Periyar Division will become a Sub Division attached to the Madura Division.

5. Office accommodation should therefore be provided for the Executive Engineer and two Sub Division officers.

6. I would propose an office similar to the one built in Tanjore. (Tracing enclosed to be kindly returned).

7. There are slight alterations which I should recommend but a building of this size would afford all the accommodation permanently required and possibly all the existing establishment might find room in it - Otherwise the Madura Sub

Division

Madura Div office
to Sub Div office
No. 2 Periyar Div office
No. 1 Party, DRS office

Division office would have to get temporary office accommodation elsewhere.

8. As regards a site the best available is the one opposite Mr Poles house which we both noticed. Land in the town would be very expensive and I am not aware of any suitable site being for sale.

9. It was as you are aware originally intended that the Police office should be used as a Divisional office, but as this building was condemned as dangerous it was pulled down some years ago and the site has been sold.

I have the honor to be,

Sir,

Your most obedient servant,

Admnd

Supt. Engg. & Executive Engineer
District Engineer

a building should be
constructed for the Division
Office without any delay
under the circumstances
stated by the Executive
Engineer & the undersigned
was also fully satisfied
during his inspection of
the Office in the beginning
of the last month as to
the necessity for a new
building.

3. It is therefore strongly
recommended that order
be given for preparing the
required plan & estimate
for a new building & that
a sum of Rs 10,000 be entered
in the next year's budget
for the same, in ant
ipation of sanction to
estimate.

4. It is requested the
accompanying train
be returned.
