Letter from G. W. Foulkner Esquire
Executive Engineer, S. S. Division,
to the Superintendent, Engineer, Illinois
No. 3359 dated 7th October 1892

1/269

With reference to your No. 595 T.N.
of 26 September/92, I have the honor
to state that the Post Office requires
to have the plans required drawn to
a scale of 100 feet to an inch. A map
in this scale will have to be pre-
pared specially by enlarging the
Revenue Survey village maps of
16 inches to a mile.

2. ^{the} Enlargement by pantograph
& preparation of two copies will involve
considerable extra work to the ex-
isting office staff, which has al-
ready a large amount of ordinary
current duty. A provision was made
in the estimate for a separate estab-
lishment, i.e., for a draughtsman for a
month.

3. Under these circumstances I would
ask that the item may be sanctioned

remark concerning the last part
of para 1 of G.O. No. 100 of the 21st

2. Under the circumstances stated
by the Executive Committee in charge
of No 43 does not seem unrea-
sonable.
