1979
Letter from C. N. Smith Esquire, Executive Engineer, Trichinopoly Division, to the Superintending Engineer, M. Circle, No: 397 S.E. dated 10th October 1892.

With reference to the remarks against Serial Number 30 in the list of Ancient monuments selected for Conservation, received with your No: 934 T.B. dated 16th September/91, I have the honor to inform you that the front Gopura of Brihadeswaraswami temple at Gango Konda-Sholapuram, Edayarpatinam Taluq, is reported by the North Sub Divisional Officer to be in such a dilapidated condition that it is not possible to preserve it at any reasonable cost.

2. During the past few years some vegetation was removed in the Compound of the temple and this year too it is said that some money would be spent for the purpose by the temple authorities, but nothing can be done for the removal of vegetation from the front Gopura which is inaccessible owing to its dangerous condition.

3. The Gopura is full of engravings of an ancient type and the Sub Divisional Officer reports that it was once proposed by the Temple authorities to blow up the structure by means of gunpowder as access to it is considered very dangerous.

No: 107/TC

Supt. Engg. Office Secy.
Trichinopoly.
13 October 1892

Copy submitted to the Chief Engineer D.B.M. for orders of Government.

1. In the Column of remarks against Item 30 in the revised list, which accompanied G.O. No. 37 Wd/10 dated 10/9/91, it is stated that "the front gopura is in a dangerous state, and needs immediate repair," but from the foregoing report it will be seen that no repairs can be attempted to the Gopura on account of its very dangerous state.
