Consulting Architect

South Sub Division Office

From

Chepauk, 14th September 1892.

The Officer in charge

South Sub. Division,

3030

To

The Senior Medical Officer

General Hospital,

Madras.

Sir,

With reference to your No. 1551, dated 12th September '92, I have the honor to inform that as the sheds referred to are to be maintained. I do not consider it economical to renew the thatch, and would suggest putting on Mangalore tiles. Besides there is a very great objection to thatch on account of fires more especially in an Hospital where there may be bed-ridden patients. It would take but a few minutes for a building of this description to burn down where even the side walls are of mats and bamboos. I would suggest that sanction of Government may be obtained

obtained through the Surgeon General
to have the necessary plans & Estimates
prepared. For the present an Estimate
will be prepared for some emergent
repairs.

Public Department.

8030

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Surgeon General, Madras, dated 10th October 1892
No 662, requesting that the Public Works Department may be directed
to prepare a plan and estimate for the repair of the three Surgical
Sheds of the General Hospital, the roofing of which should be
done with Mangalore tiles instead of the present thatch.

Order:— 20th October 1892, No 725

Approved.

2. The Public Works Department will be requested to prepare
the required plan and estimate.
