14TH NOVEMBER 1892, No. 3114 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 4th November 1892, No. 294 A.

In reply to a reference made to the Accountant-General, Public Works Department, regarding the necessity or otherwise of obtaining temporary service declarations from all classes of temporary employes, whether in superior or inferior service, that officer has forwarded, for my information and guidance, copy of Government of India Public Works Department letter, No. 3378 G., of 18th October 1892, stating that petty establishment and establishment whose pay is charged to Works under Government of India Public Works Code, volume I, chapter IX, para. 15, may be exempted from submitting temporary service declarations under the note to para. 99, chapter I, Public Works Code, volume I.

2. Copies of my letter to the Accountant-General, Public Works Department, and of the Government of India letter quoted in para. 1, are forwarded for information. I would beg that the decision of the Government of India may be communicated under an order of Government to all heads of Public Works offices for guidance.

ENCLOSURES.

From the Examiner, Public Works Accounts, to the Accountant-General, Public Works Department, dated Madras, 19th September 1892, No. 203 A.

With reference to the enclosed copy of letter from the Superintendent of Works, Periyár, No. 91 Ex., dated the 25th August 1892, inquiring as to the necessity or otherwise for obtaining temporary service declarations from temporary employes who are "employed only during the working season and are liable to constant change" and with reference also to Government of India Public Works Code, volume I, chapter I, para. 99, note, I have the honour to request the favour of being informed whether the intention of the rule is that such declarations should be obtained indiscriminately from every temporary employé (superior and inferior) without reference to the probable duration of his employment.

2. It has been the practice of this office to pass provisionally every charge for the pay of a man on temporary establishment, including men in inferior service, but I very much doubt whether this is the intention of the rule and I think it desirable that some clear rule should be laid down on the point at issue.

3. I would also request the favour of being informed whether the responsibility for taking the declarations, when necessary, should rest entirely with Executive officers, in whose offices they should be recorded, or whether it should be the duty of the audit office to refuse to finally pass any salary until the prescribed declaration has been received in it. This has nowhere been laid down, but it has been usual to file the declarations in this office (*vide* para. 2 above).

From the Superintendent of Works, No. I Periyár division, to the Examiner, Public Works Accounts, dated 25th August 1892, No. 91 Ex.

With reference to item 7 of the disallowance list on salary bill for July 1892, calling for temporary service declarations from watermen employed in the division, I have the honour to point out that these men are employed only during the working season and are liable to constant change in consequence of the pay offered them not being attractive, as they can earn from 6 to 8 annas a day on the works, and, as, I believe, the rules did not contemplate the taking of declarations from such men, I request you will please reconsider the matter.

From the Government of India, Public Works Department, to the Accountant-General, Public Works Department, dated 18th October 1892, No. 3378 G.

In reply to your No. 1575 E., dated the 3rd instant, I am directed to state that petty establishment and establishment, whose pay is charged to Works under Public Works Department Code, volume I, chapter IX, para. 15, may be exempted from submitting temporary service declarations under the note to para. 99, chapter I, Public Works Department Code, volume I (5th edition).

I am to add that, in cases where such declarations are necessary, the audit office should call for them and pass pay provisionally only until they are submitted.

ORDER—dated 14th November 1892, No. 3114 W., Public Works.

Communicated to officers of the Public Works Department for information and guidance.

Read the following Proceedings of

the Board of Revenue (Land Revenue) dated 7th October 1892 No. 1075 Forest & misc: on the following:

(1) Endorsement of the Secretary to Government. R.D. No. 18th May 1892 No. 2423 and the following reference thereon dated 20th June 1892.

Forwarded to the Collector of Kurnool for report. The exact amount, if any, paid by the Forest Department for acquiring the site of the building should be stated.

(2) The following letter from the Collector of Kurnool, dated 11th July 1892 No. 876, and reference thereon, dated 6th August 1892:

In reply to Board's reference dated 20th June 1892 on Forest Register No. 1273 of 1892, I have the honor to report that from Atgi No. 22 dated 31st August 1892 received from the Tahsildar of Nandyal, land was given in exchange for field no. 652 taken up for the building in question and no money compensation was paid. There is no record forthcoming to say whether any money compensation or land in exchange was given for the portions of field no. 397 and 653 taken up for the same building.

2. The 13 Enclosures received with the above reference are herewith returned.

The Examiner of Forest Accounts is requested to state whether any payment was made from forest funds for the acquisition of the site of the building referred to.

(3) The following letter from the Examiner of Forest Accounts, dated 6th September 1892 No. 1412.

In reply to the Board's reference dated 6th August last on Forest Report No. 1946 of 1892, I have the honor to state that as no detailed particulars appeared in the Accounts for the cost of the building therein referred to, I am unable to ascertain from a perusal of them whether the site of the building was paid for or not, but, presumably, it was, as the Superintending Engineer, III Circle in his letter No. 1864, dated 13th October 1891 to the address of the Chief Engineer, P.W. Department, distinctly asserts, that a sum of Rs. 34 on account of the cost of the site was included in the estimate of Rs. 7159 for the construction of the building. The actual cost of construction amounted to Rs. 9409.8.1. which was paid from Forest Funds and included, accepting the accuracy of the Superintending Engineer's statement, the cost of the site.
