TO

The Secretary to the Government of Madras.
Public Works Department.

SIR,

With reference to your L^t 2597W of 19th Sept
1892, I have the honour to request further information
about the scientific Instruments mentioned in the attached
list of surplus stores.

Are Levels numbered 14 to 19 with three screws
or with 4 screws?

Are Theodolites No 24 to 29 three screw or
four screw and are they Transit or Exmerals?

In the event of the answers to these
queries being satisfactory are you willing to transfer
them to this Department at ~~their~~^{its} valuation?

I have the honour to be, Sir,
your most obedient servant

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer

P. W. Department

SIR,

Enclosures.

With reference to your Endorsement
No. 4540 C dated 26th October 1892, returns,
I have the honor to state that the Levels
in items 14 to 19 in the List of Surplus
stores are all with four screws. of the
seven shown against item 15 only three
are available at present. Of the Theodolites,
the six in item 27 have three screws -
the two in item 28, and two of the
four in item 29, have four screws. the
remaining two of item 29 are of very
old pattern with the axle on two
pivots, adjusted by two side screws with
springs

Springs opposite. All these theodolites
are Everests.

2. In regard to the last para
of the letter from the officer in
charge of the Mathematical Ins-
trument Department Calcutta, I
observe that on a former occasion
(in 1887) surplus instruments were
transferred to the Instrument Depart-
ment Calcutta at the valuation of
that Department.

I have the honor to be

Sir

Your most obedt Servt

W. Hudson

The Officer in Charge

Mathematical Instrument Office

Calcutta

Sir

In reply to your letter
No. 5754 d/13th October 1892,
I am directed to state
that the levels numbered
14 to 19 in the list of
surplus stores have four
screws, and that of the
seven shown against item
15 only three are available
at present. Of the theodolites
the six in item 27 have
three screws, and the two
in item 28, and two of
the four in item 29 have
four screws. The remaining
two in item 29 are very
old pattern with the
axis on two pivots.

~~Wm~~

adjusted by two side screws
with springs opposite. All
these theodolites and
Evensets.

2. With reference to
your last favour I am
to state that this Govern-
ment has no objection to
the transfer of the
instruments to your
department at its valuation.

I have &c
