READ—the following paper:—

From A. G. CARDEW, Esq., M.A., C.S., Inspector-General of Jails, to the
Chief Secretary to Government, dated Ootacamund, 22nd August 1892,
No. 3707.

With reference to para. 2 of G.O., dated 8th December 1891, No. 2499, I have the honour to submit, for the approval and sanction of Government, plans and estimates, amounting to Rs. 27,490, for the construction of the additional buildings at the Bellary district jail which will be rendered necessary by the abolition of the district jail, Kurnool.

2. A site-plan showing the proposed location of the new blocks of cells is submitted as directed by Government. The site was settled when I visited Bellary in February last.

3. With one exception the details of the cells follow the plans hitherto adopted in this Presidency and are suitable and satisfactory. The exception is the door, which, though one of the most important parts of the building, has not hitherto been properly made, the fastenings being left within reach of the prisoner and being thus liable to be tampered with. The detail drawing of the cell-door now submitted follows the oral description which I gave when at Bellary of the Bengal system of fastening. I have since obtained the standard plan of the Bengal door, though it is not at present available, and, I think, it may be found desirable later to modify the manner in which the bolt of the lock is rivetted as shown in the drawing now submitted, so as to bring it into accord with the Bengal standard plan. This, however, can easily be arranged in communication with the Superintending Engineer.

No. 1419, Judicial.

Approved and transferred to the Public Works Department.
