To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

With reference to para. 3 of Government of India Resolution No. 2112 G., dated 19th July 1892, I am directed to forward a statement giving the names of students of the Madras College of Engineering, who, on the date of the Resolution, had entered upon the course prescribed for the Engineer class, together with information as to the date of entering the college, the date of competition for the one appointment to the Engineer establishment annually guaranteed under the Resolution of 1884, and the date of appointment of successful candidates.

2. In the case of students, who entered the college in the years 1888 and 1889, the names of only the successful candidates are given.

3. In para. 2 of the Resolution of 19th July 1892, above quoted, it is ruled that students, who within three years from the date of the Resolution succeed in obtaining appointments, shall, on admission to the Engineer establishment, be entitled to pay and pension under the rules hitherto obtaining. As, however, the course of theoretical instruction and practical training in the Madras College of Engineering extends over a period of five years, the successful students, who entered the college in the years 1891 and 1892, cannot obtain their appointments to the Engineering establishment until 1st January 1896 and 1st January 1897, respectively. These men joined the college to compete for appointments under the terms of the Resolution of 1884 and His Excellency the Governor in Council considers that the limit of time in their case should be extended to five years and that they should, if admitted to the Engineer establishment within that time, be entitled to pay and pension under the old rules. In this connection I am directed to invite attention to the Proceedings of this Government forwarded with my endorsement No. 3156 W., dated 17th November 1892.

I have the honour to be,
Sir,

Your most obedient servant,
