Read—the following papers:—

Letter from H. BRADLEY, Esq., Acting Collector of Malabar, to the Secretary to the Commissioners of Land Revenue, dated 8th October 1892, Reference on C. No. 3493/P.92.

In forwarding, herewith, an estimate for Rs. 180 for stopping leakage in the public buildings at Ponani, I have the honour to request that the Public Works Department may be directed to execute the work.

2. The buildings were inspected in August last by the Executive Engineer, West Coast division, who forwarded to me the present estimate.

3. The amount may be met from savings under Petty Construction and Repairs for 1892-93.

Reference on the above, dated 14th October 1892.

The Collector is requested to explain why these petty repairs cannot be executed departmentally.

Letter from the same officer, dated 28th October 1892, Reference on C. No. 4155/P. 92.

In reply to Board's reference on General Register No. 3152, dated 14th October 1892, I have the honour to report that the cause of the leakage not being known, the Executive Engineer paid a special visit to Ponani during the monsoon, of which the estimate in question was the outcome. The building being a comparatively new one and being somewhat unsatisfactory, I thought it better to let the Public Works Department do the repairs and I consider that they should continue to do them until the building is in proper order.

Resolution—dated 7th November 1892, Mis. No. 7230.

Submitted, for the orders of Government, with the Board's recommendation that the Accountant-General may be instructed to place, at the disposal of the Examiner Public Works Accounts, a sum of Rs. 180 for carrying out certain repairs to the public buildings at Ponani.

Endorsement of the Revenue Department, dated 19th November 1892, No. 264, transferring Proceedings of the Board of Revenue (Land Revenue), dated 7th November 1892, No. 7230.

Order—dated 25th November 1892, R. No. 1000, Financial.

Transferred to the Public Works Department.

2. It is suggested that the cost of the repairs should, as usual, be provided by the department which executes the work. No transfer of funds appears to be required as the amount is small.
